

Plans call for the project to be completed later this year

Estimated cost \$161,000

# Minden museum committee seeks council support

A committee working to see the construction of a library-museum complex in Haliburton County council for "financial and moral support".

Work toward the project began last year. Anson, Hindon and Minden council has donated a site for the complex on the old Bobcaygeon Road in the 96-acre designated park. The project committee, under the direction of chairman Ruth Gorrie, has applied for capital funding from Wintario, and estimates that the complex could be completed by this summer if all goes according to plan.

A preliminary estimate based on conceptual drawings put the cost of the structure at approximately \$161,000.

A feasibility study, required before Wintario grant approval can be obtained, is expected to be completed in about four weeks, committee member Mrs. Richard Kirkwood told county council.

Fund raising efforts for the project, which will be eligible for matched dollar subsidy from Wintario, have not yet begun, Kirkwood said in an interview Tuesday. She noted, however, that cottage associations in the Minden area have already indicated they will support the complex and that "a private citizen has pledged a considerable amount toward the project".

Fund raising efforts are expected to begin once Wintario subsidies are confirmed. Included in the proposed complex are a library, art gallery, museum, senior citizens meeting room, film room, workshop and a number of storage areas. All rooms would be open to wheelchair access.

The committee's brief to council outlined 13 reasons why the group feels council should support the project. Among them are:

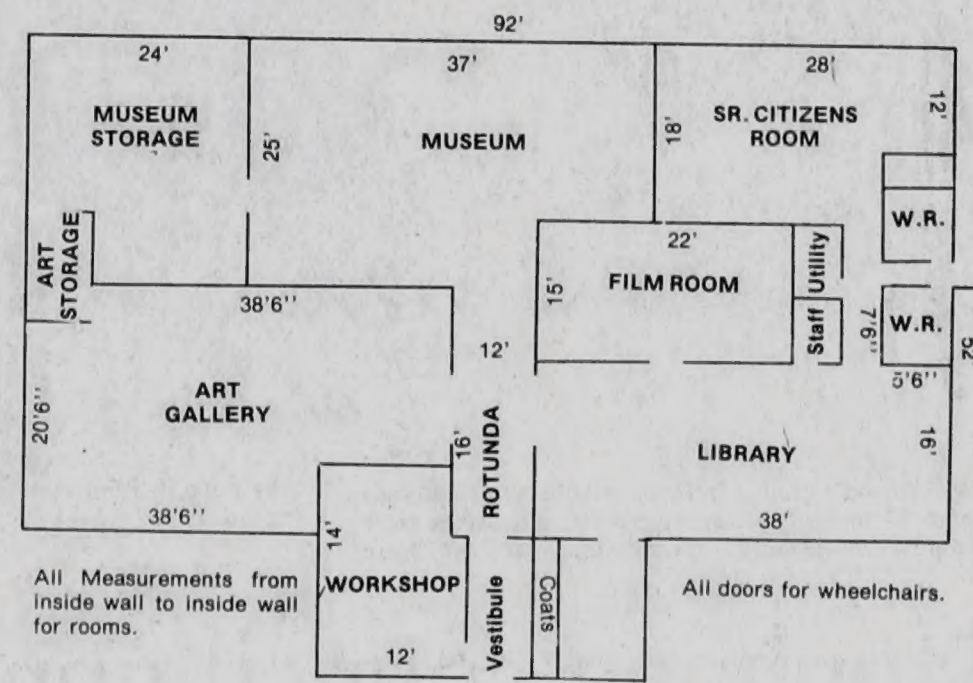

"Minden is the county town, therefore financial assistance should be received from the County Council."

"The late Frank Welch was County Clerk for 30 years. In his will he bequeathed his art collection. Most of these paintings were the work of Andre Lapine. This is the only permanent art collection in the county."

"Education costs in the county are high. With this facility directly across from the school we can obtain shows and displays free of charge from the art galleries, museums and libraries."

Artist's conception of the proposed library/museum complex

Sketch of the floor plan

All Measurements from inside wall to inside wall for rooms.

All doors for wheelchairs.

### Severance fees should go up, council maintains

Taxpayers should not have to subsidize people who are in the land division business, Haliburton County Council believes. And to ensure that doesn't happen, council thinks the fee for severances should be increased.

At a meeting last Wednesday, council concurred with a resolution from Grey County calling on the provincial government to allow an increase in the charge for severance by consent granting to \$100 from the current \$50 maximum.

At present, the county's land division committee operates at a deficit, county clerk Winn Lahay told council. She added however, that Haliburton County was probably the last county in the province to encounter a land division deficit, and that costs here continue to be lower than in other areas because the committee operates from the County building rather than from separate facilities.

Dysart et al reeve Murray Fearrey said he didn't think the \$100 fee called for in the Grey County resolution was unreasonable. He said endorsing the resolution could open the door to charging \$100 for severances, but that the charge could still be less if council chose.

The \$100 rate would be a maximum under the Grey County proposal.

County Council agreed with the resolution, and will notify the provincial government of that position.

Twenty-five skiers took part in a sactioned tour Saturday at Woodland Ranch. Rain late last week put a damper on the tour, even though the weather had improved by Saturday. Here two of those who tackled the ten kilometre loop display their determination. For the seasoned tourer there was also a 30 km. loop.

## Anti-pollution committee to push for an end to road oiling

Haliburton's anti-pollution committee took its fight against road oiling and herbicide spraying a step further last week when it presented a brief on the matter to county council.

The group, headed by Sonya Holliday-Rhodes was formed last year, and has been compiling information about pollution concerns ever since. Last month, Holliday-Rhodes presented a brief to Anson, Hindon and Minden council requesting that the municipality cease road oiling, and that it consider the issue of water fluoridation carefully before embarking on any fluoridation programs.

A report of that presentation drew a flurry of comment, including letters to the editor from area doctors and dentists who disagreed with the anti-pollution committee's claim that fluoride is dangerous.

At Wednesday's meeting of county council, committee member, Belinda Brown outlined the group's concern with road oiling, and herbicide spraying under power lines.

Main point in the committee's brief was that road oiling could present a significant health threat if the oil used has been contaminated with PCB's (poly chlorinated biphenyls), an extremely dangerous substance present in some industrial oils. The anti-pollution group claims municipalities which purchase road oil have no way of knowing whether it contains PCB contaminated industrial oils or not. Though the provincial government has regulations governing the use and disposal of PCB contaminated oil, the anti-pollution group maintains the rules are not strictly enforced, and that such oil can and does find its way into the road oil which municipalities purchase.

The group wants municipalities to stop using road oil, and to apply calcium chloride for dust control on roads instead. It claims the costs involved would be about the same, though some councillors appeared skeptical at Wednesday's meeting.

Warden James Harrison, reeve of Stanhope, told Brown and Holliday-Rhodes that the betterment of the environment "was at the heart of things for every member. But we have to consider the costs."

Gwynne Lewis, Lutterworth deputy-reeve, agreed with the committee's view, noting that Lutterworth uses only calcium chloride for dust control, and that the township has found the cost about equal to road oil over the long term.

Anson, Hindon and Minden reeve Sinc Nesbitt repeated a concern he had expressed when the group made its presentation to Anson, Hindon and Minden council. He noted that he was not convinced calcium chloride was less harmful than road oil.

Second main point in the anti-pollution group's presentation was that municipalities should consider a ban on spraying under hydro lines, since the spray used remains toxic over long periods, and can travel by wind on water from the point of application.

Won't be held in the "immediate future"

### Railway line hearing delayed

Dysart, Snowdon and Haliburton County councils may have won a temporary reprieve for the railway line from Haliburton to Lindsay.

Canadian National Railways' application to close the line will not be heard by the Railway Transport Committee of Canadian Transport Commission "in the immediate future".

The information was contained in a letter from the

commission to Dysart et al and Snowdon councils.

The commission will also request a detailed engineering study of the line before reviewing CN's application for abandonment. Both Dysart et al and Snowdon council have maintained that CN has kept secret, an engineering report on a washout near Kinnmount that CN claims would cost \$75,000 to repair. The councils claim the figure

is unrealistic, and the committee's request for a detailed study should reveal which side is correct.

No public hearing on the proposed closure is planned at present, the committee's letter indicates. It says however, that if a hearing is held, formal notification will go out to all municipalities affected by the abandonment.

## Two people injured in collision

Two people were injured last Tuesday in a two vehicle crash that extensively damaged a car and a pickup truck.

Minden OPP report that a car driven by Wray Knowles, 20 of West Guilford was southbound on highway 519 and stopped at the intersection of highway 519 and 530. Knowles then turned left onto 519 into the path of a truck driven by Leonard Evans, 54, of Bancroft, who was westbound on 519 at the time of the collision.

Damage to Placquet's '76 car was estimated at \$2,000 while damage was also estimated at \$2,000 to Botting's '78 truck.

A single car accident on highway 503 Friday resulted in \$900 damage. Police say Regional Wills, 54, of Hamilton was eastbound on highway 503 and rounding a curve down a hill when he hit an icy patch and lost control of his vehicle. The car struck guideposts and wires on the north side of the highway.

Wills was not injured in the mishap.

A Scarborough man was charged with careless driving Saturday after the car he was driving collided with a pickup truck.

Minden OPP say a truck driven by Jack Wilburn Cake, 57, of Markham was southbound on highway 35 when it was struck by a northbound car driven by Harvey Lawrence Henderson, 19, of Scarborough.

Both vehicles were entering a curve when Henderson's northbound car travelled onto the east shoulder, up onto the snowcone, and came back down across the roadway, striking Cake's vehicle.

Henderson's car continued over the snowcone on the west side of the road and came to rest in the west ditch.

Cont'd. page 2

## Road workers settle for 15% over new two year contract

Haliburton County and its road workers reached a settlement, February 7 on a two year contract calling for an eight percent wage increase this year and a seven percent increase next year.

The road workers, who are members of local 1960 of the Canadian Union of Public Employees, will receive across the board wage increases of 40 cents an hour retroactive

to January 1, 1979, a further 25 cents an hour December 1, 1979, and a final 20 cents an hour May 1, 1980.

The settlement was reached quickly this year, in contrast to last year's round of talks, which wound up in a stalemate until county council voted to lock the workers out in a move to force them back to the bargaining table.

County council's acceptance of the agreement, which was worked out by its road committee and members of the union, came at a meeting last Wednesday.

Council spent 20 minutes in committee of the whole, with the press and visitors excluded, before reconvening in open council to ratify the agreement.

## Local floor hockey players win championship in tournament

5-4 win made them champions

A team from Haliburton Highlands Senior Elementary School has won the junior division championship of the world's largest international floor hockey tournament.

The junior boys team, one of four groups from HHSES who competed in the tournament in Peterborough, last weekend, won five straight games to take the title.

In their first game Saturday morning, Haliburton met St. John's, a team from Peterborough, and defeated them 5-2. In their second game, Haliburton met an experienced team from Harper Creek, Michigan, and on the strength of excellent goaltending, walked away with the game 9-2.

The third game was a little tougher for the local youngsters. They took on a team from Pickering, and were tied four all at the end of regulation play. But Haliburton came up with the winning goal at the four minute mark of overtime to take a 5-4 victory.

Fourth game of the day for Haliburton saw them meeting A.C.T. from Peterborough, a team with a tradition of floor hockey victories. But on the strength of excellent goaltending and outstanding defensive play, Haliburton came out on top 5-3.

Sunday, Haliburton met a team from Woodview, and though the local youngsters took an early lead, they found themselves tied 4-4 with Woodview late in the third period. But Haliburton tapped in the winning goal with just six seconds left in the game to come home winners.

Complete game results for the Junior Boys and the three other teams from HHSES who competed in the tournament appear on the sports pages of this week's Echo.

HHSES players in action

Ray Johnson's grade 4B class at Haliburton Highlands Senior Elementary School were the winners of the snow sculpture contest at the recent winter carnival. Here

they pose in front of their winning entry, a lion in repose.

## Stanhope council appoints firemen

Eighteen men were appointed to the Stanhope Fire Department when Stanhope council held their February meeting.

Appointed were Carl Harrison, Jack Harrison, Harry Martin, Jim Foster, Bob Patton, Bob Mann, Wayne Toye, Ray Johnson, Ken Alger, Alvin Johnson, Carl Holstrom, Ralph Johnson, Earl Bird, Alvin Cowen, Bruce Pettit, Russell Howe, Bill O'Reilly and Ken Martin.

In other business, council will apply to the Ministry of Natural Resources for the

employment of three students for the summer of 1979. The students would be employed in clearing and maintaining general access points to lakes throughout the township.

Road budget for 1979 was set at \$202,428. Council will petition the Ministry of Transportation and Communication for final subsidy on a total of \$234,251.21 spent under the 1978 road program.

Stanhope airport's annual licence will be renewed, and council instructed the clerk to forward the required fee of

\$20 to the Department of Transport.

Harry Davis was appointed as council's representative to the Minden Red Cross Society for 1979.

Council instructed the clerk to make application for a grant under the 1979 involvement in municipal administration program to hire one administrative student to work in the municipal office between May 7 and August 24 this year.

The purchase of an electric typewriter for the municipal office was approved. A letter of appreciation will

be sent to Robert Jennings for his offer of the use of his cabins for senior citizens during the recent power failure in January, council decided.

Clerk Gerald Bain was given permission to submit ads to newspapers for occasions normally considered as repetitive each year.

Udora Salvage was given permission to regularly pick up and remove scrap metal products from all municipal dump sites in Stanhope Township.

The old municipal shed, which collapsed due to snow

load, will be cleaned up by Clarence Redner in return for salvagable material from the roof as agreed with Jim Harrison and Marvin Brown, council decided. Removal is to be completed by March 31.

General accounts of \$9,648.56, January Welfare of \$2,425.39, and road accounts of \$7,082.70, were approved for payment.

Bylaws to appoint a committee of adjustment and to provide for interim payment of taxes were passed.

Council will meet again March 7.

discuss current changes in children's services.

The May meeting will feature a panel discussion on recreation.

Program for the social planning council's June meeting has not yet been set.

services field will be on hand for the council's March meeting to answer questions about various aspects of medical care.

In April the area manager for the Ministry of Community and Social Services will

## Snowmobile ride Saturday will raise money for West Guilford community centre renovations

About 150 snowmobilers are expected to participate in the first annual West Guilford Recreation Centre Snow Shuffle this Saturday.

The ride, which will take participants to Kennis Lake and back over lakes and trails, is being organized to raise money for renovations to the centre.

Only a few of the 150 tickets remained to be sold late last week. Included in the day's activities will be a smorgasbord supper prepared and served in the centre by local residents and a dance.

Renovations to the centre will include removal of classroom walls in the former school building, the addition of beams to strengthen the upper floor, and repainting parts of the interior.

Financing for the project will come from Wintario, the provincial government's community centres program,

the Municipality of Dysart et al which owns the building, and from the public.

Public portion of the project is expected to be between \$5,500 and \$6,000. Approximately ¾ of that amount has already been raised.

## Grant for Minden park approved

The Ministry of Natural Resources has approved an \$11,150 grant to the townships of Anson, Hindon and Minden to carry out development work in the 96 acre Minden park.

Bulk of the grant will be applied to the cost of updating the park's 11 year old master development plan, a project which was completed last fall. As well, some money will be used to fence a portion of the fairgrounds and to provide landscaping in the area off the Bobcaygeon Road where the library-museum

ships of Anson, Hindon and Minden to carry out development work in the 96 acre Minden park.

Bulk of the grant will be applied to the cost of updating the park's 11 year old master development plan, a project which was completed last fall. ENTERTAINMENT

FRIDAY & SATURDAY  
"Gary O'Connor"

from page 1

"Young people in the county are deprived of many experiences in the arts because they are only available in larger centers."

"The Guild of Fine Arts has been successful in procuring at least three shows for the coming season. They need a place in Minden to share these shows with the community."

"Many senior citizens have been attracted as permanent residents to the Minden area, and the Senior Citizen Housing is opposite the complex. These senior citizens need a meeting place and many are talented in the arts and want to share their expertise with others."

"Tourism is a big part of the County's economy. We must have facilities available to lure these tourists and seasonal residents. At present we have little in Minden

to offer them. This complex would serve that purpose well."

"Many artifacts and antiques are leaving the county because there is no place to ensure safe storage. Many persons have offered to give their precious pieces to the museum when it is built. Haliburton work can be kept in Haliburton for future generations."

"All around the county

are new buildings and recreational facilities. The only facility in Minden is the arena and not all of the population use it or like it or can afford it. Space is needed for other and often smaller recreational interest."

The committee brief also notes that a number of cottage groups and professional people have offered to donate time to the project, and that since the project is a

complex, it can be operated more cheaply than if the facilities remain under separate roofs.

Anson, Hindon and Minden council has committed itself to look after operating costs of the complex.

Lastly, the committee says, "the precedent has been set by council in awarding the Haliburton Museum \$3,000". It says, "the project deserves at least equal recognition."

In conclusion, the brief notes that many members of county council expressed a desire for a united county in the November municipal election.

"This group, with this project, offer you the opportunity to make those expressions a reality," the committee said.

Council referred the matter to its budget committee for consideration.

## Cardiff reviews its insurance policies

A review of insurance policies was the main item of business when Cardiff Township council held their February meeting.

A number of revisions were made to the township's coverage, including the inclusion of three additional snowplows under the equipment floater; increasing the value of equipment storage at Highland Grove by \$6,000, making a total value of \$40,000, and increasing fire coverage on the contents of the municipal office by \$800 to \$6,500.

Council also decided to raise the liability limit for non-owned automobile policy, automobile fleet policy and municipal liability policy to \$5 million. Forgery insurance will also be acquired under the bond and burglary policy.

Council confirmed a resolution dated March 9, 1977 stating "that the firm of Campbell, Godfrey and Lewtas be advised to proceed on (the township's) behalf with respect to the road situated in Lot 25, Concession 5". A copy of the resolution will be sent to the firm.

A proposal from the firm of MacDonald and Lack on behalf of their clients Buzminski, Ratcliffe and Jeffrey with respect to deeding the township portion of township road adjoining or passing through their properties situated in part Lot 25, Concession 5, Cardiff, was approved, under the following terms and conditions:

- that the township does not intend to improve or maintain the aforesaid portion of the road until such time as the township obtains clear title to that portion east to Ruthven's Road.

- That Buzminski, Ratcliffe, and Jeffrey will bear all costs involved.

- that the township be provided with surveys and deeds to this portion of the road, and

- that access to this portion of the road respecting Buzminski, Ratcliffe and Jeffrey

will be the responsibility of these owners until such time as the township is in a position to assume the maintenance of the road.

In other business, council decided to support the position of the townships of Methuen and Belmont regarding the proposed purchase by the Crowe Valley conservation Authority of the Bethlehem Steel "guest house" as an administration centre. Cardiff council opposes the purchase.

Two 100 pound propane

tanks will be purchased for use in conjunction with the township's steamer.

Bylaws to borrow temporary loans for the purchase of road equipment, to strike uncollectable taxes from the tax roll and to write off certain taxes were passed.

General accounts of \$5,139.33, Road accounts of \$26,690.54, (including \$8,132 for the purchase of a sander body), and Ontario Home Renewal accounts of \$1050 and \$422 were approved for payment.

Council will meet again March 8.

## Snowdon sets 1979 road budget of \$66,480

Snowdon township council thinks the province should use Wintario money to keep the cost of health care down and lessen the burden of school taxes.

At their regular meeting last Wednesday, council voted to support a resolution from the Township of Hinchenbrook calling on the province to use Wintario revenue to offset health care and education costs.

In other business, council has budgeted for road expenditures for 1979 of \$66,480 and will apply to the Ministry of Transportation and Communication for subsidy on this amount. Haliburton County's road department will also be advised that Snowdon will require approximately one half mile of prime and surface treatment in the current year.

A tender from Haliburton Lumber and Enterprises Ltd. for the supply of materials for the municipal office renovations at the quoted price of \$1,150 plus tax, was accepted.

Council decided it would pay the annual dues for membership of \$50 in the Association of Municipal Clerks and Treasurers of Ontario for 1979 on behalf of clerk treasurer Geoffrey Wynne.

General accounts of March 14.

\$2,839.61, social services in the amount of \$263.75, and road accounts of \$4,015.15 were approved for payment.

Because of his acceptance of conditions set out by council in a letter dated November 20, 1978, permission was given to William Burke to open the original road allowance between concessions 2 and 3, lots 16, 17 and 18, whenever he wishes to commence the work.

Council will meet again March 14.

Kathy Burk checks to see if the soup is hot enough Saturday during a cross country ski tour at Woodland Ranch, while Gary Burk looks on. The two were among 22 volunteers who manned refreshment stations and trail intersections along the route of the tour.

### Legion will hold 'open house' March 10

Because it feels the first official opening "did not provide an opportunity for the people of the community to see for themselves, just what had been accomplished with the extension and renovation of the Legion Hall", Haliburton Legion Branch 129 is planning a second "open house" for March 10.

Legion members, the executive committee, and mem-

bers of the building committee announced this week that an open invitation will go out to the community to attend the open house, which is slated to get underway at 1 p.m. next Saturday.

Program for the afternoon runs from 1 p.m. to 5 p.m. and will feature guided tours of the building, entertainment from the Legion Pipe Band and Scottish Dancers,

as well as snacks from the kitchen.

A dart and shuffleboard tournament is also slated for the downstairs area.

In the evening, a dance will be held, with music supplied by a disc jockey.

Anyone who has not yet seen the building is invited to come to the open house and view the expanded and renovated facilities of the Haliburton Legion.

## Only 25 people took part over the 10 km and 30 km distances

# Rain dampens cross country tour

Wet weather conditions that hampered trail grooming efforts and cut participation put a damper on a cross country ski tour Saturday at Woodland Ranch.

The event, the first ever Southern Ontario Ski Division sanctioned tour in Haliburton County, was expected to attract experienced skiers from across southern Ontario. But the rain that began falling Thursday combined with treacherous road conditions in the Toronto area to keep skiers away in droves and frustrate organizers, who had hoped to see up to 100 entrants in the 30 km and 10 km tours.

Approximately 70 preregistrations were received, but despite improved weather conditions Saturday morning, only 25 skiers turned up for the tours.

Some 22 volunteers from the Haliburton Highlands Cross Country Ski Club gave up a chance to take part in the

tour and instead manned various points along the route to keep skiers on course and to serve soup and chocolate to participants.

In the 30 kilometre tour, Rudy Smith of Toronto, competing in the men's 44 and over class, had the best time overall, covering the distance in two hours 23 minutes. In second spot was Keith French of Hannon, who crossed the finish line two hours 32 minutes after the start. Hannon competed in the men's 20 to 44 category.

Third across the line and first in the women's 20 to 44 category was Gabrielle Kasperowitsch of Weston. Her time for the 30 km. was three hours and 55 minutes.

In the men's 19 and under category, fastest finisher was James Brogden, who completed the course in four hours, three minutes.

The ten kilometre tour drew a number of local entrants, and trail conditions

for the shorter distance were generally better than over the 30 km. tour.

First to complete the 10 km. distance was Stuart Baker of Minden who came in

with a time of one hour 19 minutes.

Faye Schonhoffer of Haliburton was second with a time of one hour 20 minutes. In the 16 and under cate-

gory, fastest finisher was Ruth Stouffer, who completed the course in 2 hours, 40 minutes.

Prizes for the tour were donated by Victoria Sports,

Haliburton Marine, Cauldron Pharmacy, Blair Pierce, Bob Heyes, Carl Hartwick, and Mr. Fogg's.

The tour is expected to become an annual event.

Ready for the start of the 30 km tour

## County farmers market is possible by summer

Haliburton County could have a farmers market by late June if the Haliburton County Livestock Producers Association succeeds in its efforts to secure a site for the market and find enough interested farmers.

Bill Moore, of RR 1, Kinmount, chairman of the Association's farmers market committee, said Tuesday that the market could be in operation by June 15, and would continue through to mid-September on a once weekly basis.

The committee is currently examining the feasibility of the market idea. Moore said the group is sure that at least 15 association members would be interested in participating in the market regularly, but that more farmers are needed.

The committee is also trying to determine how much interest there is on the part of

the public in a farmers market.

Once a decision has been made about the feasibility of a market, the committee will begin looking for a site, Moore said.

The association is also planning a seminar on "managing a sugar maple woodlot, which will be presented March 6 at 7:30 p.m. at Archie Stouffer School in Minden.

Dave Leader from the Ministry of Natural Resources will be on hand to talk about various aspects of small woodlot management, and a panel of local syrup producers will discuss the various approaches available to county residents who want to produce maple syrup on a very small scale for their own consumption.

Non-members are invited to attend.

## Record timber harvest, Ministry says

Ontario's timber harvest from Crown lands is expected to break records for the second consecutive year by reaching an estimated 576,800,000 cubic feet (16,333,002 cubic metres) by

### Correction

The Echo was incorrect in reporting in last week's issue that the winner of the bed race at the winter carnival was the Kinsmen Club of Haliburton. In fact, the winning bed was entered by the "Donald Come-by-Chancers", consisting of Gary Pringle, Susan Swinson, Bruce Swinson, Larry Rosenberg and David Schellenberg. The Echo regrets any confusion the error may have caused.

March 31, 1979, the end of the current fiscal year.

Last year, the Ministry of Natural Resources predicted the harvest would reach 560 million cubic feet (15,857,284 cubic metres) based on a 10-month trend. The final total was 560,008,962 cubic feet (15,857,538 cubic metres), the largest harvest since before First World War days and a 20 per cent increase over 1976-77.

Natural Resources Minister James A.C. Auld said the current forecast is based on a three per cent increase in the amount of Crown timber harvested by licensed operators in the first nine months of this fiscal year.

From last April to December, the volume rose to

367,972,563 cubic feet (10,419,724 cubic metres) from 357,895,671 cubic feet (10,134,381 cubic metres), the figures for same period the previous year.

Total value of the current harvest is expected to reach \$34.6 million.

"The effects of new and expanded pulp and paper

facilities and booming economic times for forest product industries has carried over from last year - but not as dramatically," said Auld.

He said the fluctuating nature of the forest products market is at a high point and that companies are able to find markets for the wood they've been allowed to cut under licence.

## Subdivision opens at Sir Sams

Haliburton Highlands Properties Ltd. has received final approval for a subdivision at Sir Sam's Ski area beside Eagle Lake.

Registration of the lots for sale culminates three and a half years of planning and

effort, according to company spokesman, R.J. Bishop Jr.

The subdivision consists of 177 wooded lots with an average size of three acres.

Purchasers of the lots will receive a family membership at Sir Sam's Ski area.

## In opposition

There is an important principle of democracy which holds that groups with an opposing point of view don't always have to be right in every detail of that point of view. Even at the municipal level, the governments against which such groups sound out their ideas, are seldom right in everything they do and say either. But a meaningful exchange of ideas, and an open expression of opposing points of view is the process by which problems are aired and intelligent decisions are made.

In Haliburton County there are few organized special interest or lobby groups, but in the past few months one has come to light, and it is making its presence felt. The Haliburton County Anti-Pollution Committee has launched a campaign to bring a number of what it considers to be significant pollution issues before the public through presentations to various municipal councils and county council. So far, the committee has been afforded the consideration due any citizens' group; the right to be heard through delegation to regular council meetings. But the feeling expressed by at least one county councillor last week, that the group is made up of people who are fortunate enough to have the time to look at what he termed small (and by implication) insignificant issues, is a feeling that should be nipped in the bud.

Granted, the anti-pollution committee stirred up a figurative hornets nest when it claimed that fluoride is a poisonous substance and that it should not be administered in the cause of dental health. The committee was clearly wrong in that opinion, as the wealth of contradictory evidence presented by area dentists and doctors indicated. But that doesn't mean the committee should be tossed off as a group of people who haven't got their facts straight, and who are bound to take up council's time with "small" issues.

For the truth could well be different. In seeking to open up a dialogue on road oiling, for example, the committee is forcing councils into a position where they will have no choice but to look closely at the matter from an economic and environmental point of view. If road oiling can be proven safe, then it should continue.

If it can be conclusively demonstrated, however, that road oiling presents a real hazard to the environment, as the committee claims, then it should stop, and other means of controlling dust will have to be used.

But an airing of the facts will not occur unless councils are forced to examine their position through the efforts of citizens' groups like the anti-pollution committee.

Such dialogues are the essence of democracy, and a situation that brings them about will benefit every citizen. Councils must question their own actions, and dangers to the environment must be brought out into the open.

So long as the anti-pollution committee brings forward briefs based on solid research rather than emotional reaction, they will deserve to be heard.

## The best way

In a decade when labour unrest has become an unfortunate and frequently harmful fact of life for Canadians and the citizens of many other countries, Haliburton County residents may well be witnessing an encouraging trend. This year, in negotiations between the Haliburton County Board of Education, Haliburton County Council's road committee and members of the Canadian Union of Public Employees, settlements have been reached with relative ease.

Last week, County Council ratified an agreement with its road workers that calls for increases of eight percent and seven percent in the first and second years of a two year contract. And the Haliburton County Board of Education has reached a tentative agreement with its caretakers that is expected to be ratified by the Board at a meeting later this week. Details of that agreement will be released once ratification has been finalized.

The fact that both bodies have reached accord with their employees quickly, and with little or not antipathy, should not go unnoticed.

It is true, of course, that a single settlement does not guarantee an end to labour/management conflict on wage and benefit issues. Such conflicts are part of the collective bargaining process.

But the fact that both sides reached agreement with a minimum of meetings, and with no disruption of essential services for county residents, indicates that the meetings were conducted in good faith, with both sides willing to bend when the need arose.

Fair and swift settlements demonstrate moderation and reasonableness, bargaining attitudes which taxpayers are certain to appreciate.

## Letters to the Editor

To the Editor:

For seven years I have been trying to encourage people to take a closer look at the organization and emphasis of minor sport. In winter the focus is on hockey. Recently my voice in the wilderness was joined by another. A writer in one of our local papers wrote recently "All of these years I thought I knew a great deal about hockey, but after witnessing these three games (N.H.L.-Russian Series of the Century), I'm beginning to wonder if I know anything about the game". He went on to say, "We want to see hockey as it was meant to be played and that's the way the Russians play."

I grant that these comments were about pro-hockey, but, since we use this as our model for minor hockey, I contend that these remarks should be aimed at minor hockey as well.

I hope that the courage exhibited by the writer is followed by others. It is time that those heavily involved as players, parents, coaches, and executives begin to see that there is a need for change. It is hard to see beyond what you have been conditioned to see from childhood. It is hard to admit that you might be in error. But, for the sake of our fine young men we must find the courage and insight that is needed.

A few weeks ago I submitted a suggested alternative to the present minor hockey system. It was published in this paper. I do not believe that my suggestion is the only one, but it was one. The resultant reaction was slight. I hope the N.H.L.-Russia series will encourage sport people to examine what they are doing. If they don't do it because our young men are learning inappropriate social behaviour, maybe they will do it for the sake of better hockey, and then the off-ice attitudes and behaviour will change as a result. For the sake of our young men, I hope there will be change.

Ted Reid,  
RR 1, Minden

To the Editor:

On behalf of myself and our store, Haliburton Red and White, I would like to take this opportunity to thank Mrs. Holt for taking the time to write to the Echo, showing her appreciation of services, not only in our store, but in many other business establishments in Haliburton. It is personally most rewarding to hear positive comments about our business community, and to hear suggestions for improvement to our village. We look forward to meeting you and our other

summer residents soon, and hope that we, the merchants of Haliburton, are able to continue to serve all with friendliness and care and fulfill our Ontario motto, "We treat you royally".

Michael Easton,  
Haliburton Red & White,  
Haliburton, Ontario.

To the Editor:

Several times over the past years, I have warned that Canadian National Railway was about to abandon some portion of the rail lines in the Lindsay area. It is now fact, no longer rumour, and their first move is against the Haliburton Subdivision. The following is a quotation from a letter to the writer, from the Canadian Transport Commission, dated February 16, 1979, project file 5138 8506 36.

"Other priorities will preclude the processing of the subject application in the immediate future. Whenever the Committee decides to process the matter, it is customary for detailed operations and engineering investigations to be conducted on the line. All interested parties are contacted, such as Municipal Officials and users. Should it be found necessary to hold a public hearing, ample notification will be given. Anyone wishing to make a written submission or prepare to present a verbal brief at the hearing may do so at that time."

I take particular exception to the statement "should it be found necessary to hold a public hearing". It is necessary; no one single civil servant should be allowed to make such a major decision affecting so many hundreds of citizens. I urge every concerned resident of Victoria and Haliburton to communicate his feelings to Bill Scott, M.P. with copies of his letter to the Canadian Transport Commission, Ottawa, K1A 0N9, quoting the project file number as above.

Canadian National should be giving service to the public, and are well equipped financially to do so. We have just recently seen their profits for 1978 disclosed at over \$100 million. I consider it a rape of the citizens of the area to discontinue any railway service; after all it is the citizens who actually own the railway. Perhaps Provincial Transport Minister, James Snow, is negotiating with "Lang Air" to expand STOL service into this area, and we shall soon see development of airports at Lindsay, Cameron, Fenelon Falls, Burnt River, and points north to Haliburton. No doubt the majority of the local residents can well afford the \$100 round trip fare; and justify the

Cont'd. page 5

## Feir Play

— by —  
Creighton Feir

The annual Haliburton Rotary Winter Carnival has come and gone for another year. The events are all over and now it's time to start to look ahead and see just what plans are going to be made before next February rolls around. There is no use of anyone fooling themselves; the past carnival left a great deal to be desired. And practically everyone realizes that many changes are going to have to be made if we expect this event to live up to expectations. The handwriting is on the wall and although the winter carnival is just eleven years old its beginning to show its age. We cannot go into next year's carnival with the same format and in other words we are going to have to take a good hard look into what went wrong and come up with a cure. A meeting should be called right away (while it's fresh in everyone's minds) of all of the organizations in the village to see if we can't come up with some suggestions on how we can make it a much bigger and better winter spectacle. It needs a real shot in the arm and the all out participation of each and every organization and their members if we are to put it over. In my travels during the past week I have been talking with many people who have told me of some great new ideas that could be put into action to improve it. If we can get everyone together pooling their suggestions then we can't help but come up with a weekend that should please everyone. As I have said many times before, it's very easy to sit back and criticize and tell what should have been done but the time has now arrived for each and everyone of us to come forward with some good constructive solutions. To all those who gave financially and worked so hard we offer our congratulations. We have twelve months to prepare and there is no time like the present to start.

We received a post card from Bella Bernstein last week and she informs us that she is having a wonderful time on a vacation in the Los Angeles area. She told us that they ran into a snow storm on their way to Las Vegas and when she arrived there they were welcomed with three inches of snow. Mrs. Bernstein said in the post card that the people there were really excited as this was the first time that they had ever seen snow. She sends her best regards to everyone. It would appear that we who live here in Canada are not the only people who have to put up with old man winter. It's not only raindrops that keep falling on their heads.

The headline on the sports pages of the Toronto Star one night last week told it all. When the Toronto Maple Leafs visited the Detroit Olympia to take on the Red Wings in what was billed as a professional hockey game, the fans didn't see very much hockey but had to sit through practically 60 minutes of fights, brawling, blood all over the ice and in other words what they witnessed was a real donnybrook. Many of the fans left during the third period and you couldn't blame them. Maybe this is what they want to see in the United States but we are sure that the hockey fans in our Canadian cities of Toronto, Montreal and Vancouver expect to see hockey the way it's meant to be played. If one wants to see a fight they can always take in a boxing match. When are we ever going to learn that the style of hockey we deserve is the brand that is dished up everytime that the Soviets pay us a visit.

It's been one of those old time winters here in the Highlands of Haliburton and we went nearly two weeks straight then the temperatures were never above zero and many nights it went down to 30 and 40 below. As far as the snowfall is concerned we have more snow now than we had a year ago at this time.

Last week I received a letter from Wilda and Albert LaRue of Haliburton who are spending their winter vacation at Apache Junction in Arizona. In the letter they pointed out that they were having a strange winter in Arizona, cool and very wet. Heavy rains and melting snow in the mountains caused severe flooding in areas near where the LaRues are staying. They are close to rivers or canals so are quite safe. There was frost before the rains so the citrus growers have been hit hard. In December, because of the floods nine counties were declared disaster areas by President Carter. They told me that during the past week they finally started to enjoy the Arizona weather with brilliant sunshine but cool winds to make it pleasant. One day it reached 80 degrees. The LaRues said that they recently had visitors when Mr. and Mrs. Holly Little and Mr. and Mrs. Frank Dunsford, all of Minden, dropped by for a friendly chat. I have always been great friends with Wilda and Albert and I wish them a happy vacation.

Mr. and Mrs. Harold Langdon of Haliburton are at present enjoying a vacation in Hawaii.

Getting back to the subject of the Haliburton Winter Carnival, we can't let it go by without offering our congratulations to the members of the Kinsmen Club of Haliburton for the part they played in some of the events. A big thankyou especially to Pat Kennedy who worked day and night for weeks in preparation for the snowmobile events. He sure deserves a great deal of credit.

That colourful old car that you see sitting out on Head Lake at Haliburton just isn't there at that location to brighten up the scenery. The Haliburton Highlands Guild of Fine Arts have it positioned there for a reason. They are selling tickets that give you the opportunity to guess the date and time that the ice will give way in the spring and the car will fall into the lake. The proceeds will be used for the renovations of the Station Gallery.

Friendship is the comfort, the inexpressible comfort of feeling safe with a person, having neither to weigh thoughts nor measure words, but pouring all right out just as they are, chaff and grain together, certain that a faithful friendly hand will take and sift them, keep what is worth keeping and with a breath of comfort blow the rest away.

## Editor's Notebook

by  
Len Pizze

In order that we may publish all of the letters to the Editor received this week, the Editor's Notebook will not appear in this issue.

# From the Chamber

by Bob Stinson

## Tourism Seminar March 26

The Business Development Committee of the Chamber of Commerce recently discussed the idea of running a seminar which would involve all the various government agencies that local business people find themselves with. At a meeting of the Central Ontario Travel Association a few weeks later they were looking for ideas on a seminar to run in conjunction with the C.O.T.A. Annual meeting and dinner. We told them of the idea of our own committee and they immediately picked it up and are now running a seminar, March 26 that follows the general format of what our committee discussed. In view of this our Chamber has delayed any immediate plans to run such a seminar and suggest that you attend this one in Peterborough if at all possible.

The seminar will involve presentations by the Ministry of Industry and Tourism, the Ministry of Transportation and Communications regarding highway signing, Ministry of Natural Resources regarding fishing, land use, trails, etc., the Canada Manpower regarding employment programs, the Ministry of Labour regarding employment standards, the Federal Business Development Bank regarding loans, case histories, etc., and the Ministry of the Environment re water systems and weed control. In the afternoon there will be workshop sessions with the various government departments that made their presentations in the morning. The luncheon speaker will be Mr. Bob Spencer, president of Tourism Ontario and the evening dinner speaker will be Mr. G. Smith, parliamentary assistant to the Honorable Larry Grossman, Minister of Industry and Tourism.

Cost for attending the seminar is either \$9.00 for the seminar and lunch and \$9.00 for the dinner or \$34.00 per couple if booked together and in advance. Registration forms are being mailed out by the Ministry of Industry and Tourism to all licensed establishments and if you don't receive yours you may obtain one at the Chamber office. We highly recommend this day as one that will be meaningful and worthwhile to all members of our business community.

## Hospitality Training

In a recent article of Resort and Motel an article stresses the key to our future lies in training personnel. "The Hospitality Industry must now view training and development as a philosophy of management and a key for the future of this industry. Leaders in all aspects of this industry must begin to ask themselves, where are we going? how shall we get there? how shall we know we have arrived? and who are we taking with us?"

For some time we have stressed this same philosophy and the Ministry of Industry and Tourism now are taking their "Treat Visitors Royally" campaign that one step further. A hospitality training course has been set up by the Ministry to help teach those employed in the hospitality industry how to do their job better and treat visitors royally.

It is important for all members of the business community to keep themselves well informed and up to date by attending seminars and workshops. In addition to that, it is also most important that their staff be as well informed to perform their particular duties as is the employer. Far more emphasis must be placed on this particular area in regard to both training and staff morale.

The magazine article concludes "There are good things happening in the industry. There is progress. Training is easing and providing solutions to many of the problems that plagued this industry for years - and it is showing results. The greatest incentive to do a better job of training is that it pays off in dollars - production of cost and increased profits."

## Details For Summer Events

The Ministry of Industry and Tourism booklet listing summer events throughout the province is now being prepared and the deadline for input into this booklet is March 10, 1979. The Chamber, as usual, will be submitting a list for inclusion in this book and we urge anyone connected with any special events during June, July and August to communicate with the Chamber and provide details of it prior to that date. Please don't assume that someone is providing us with the information, because when that happens usually nobody does.

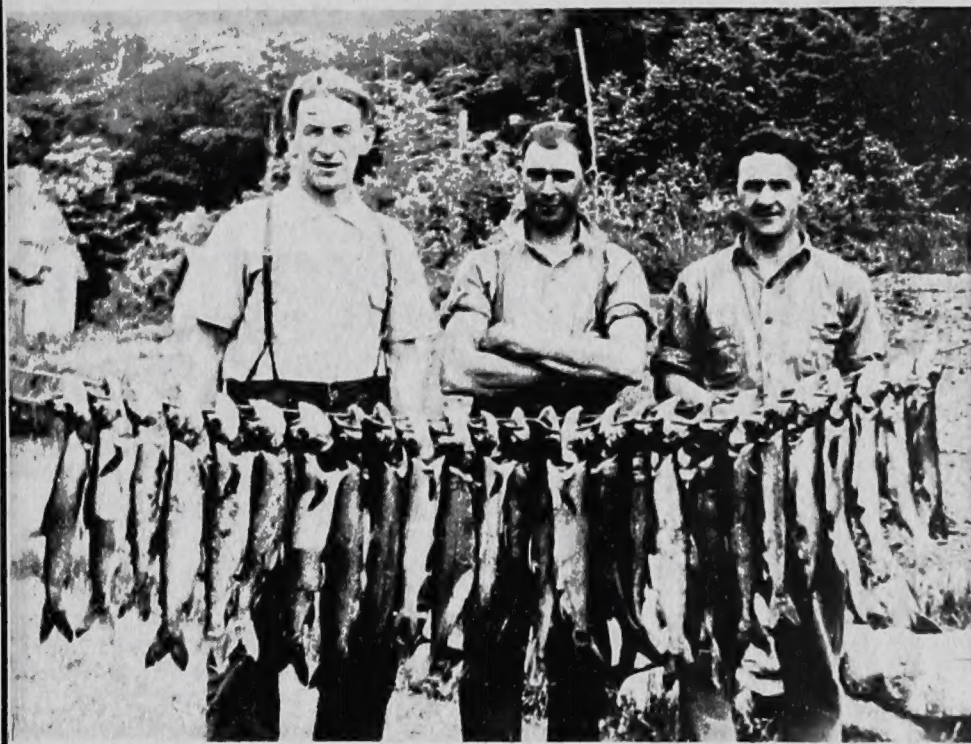

Is fitness important?  
Ask any body.

# Pic of the Past

This past winter has been very cold with a great deal of snow and we thought that the above photo would make you think of the good old summertime. Gordon Watt of Peterborough took this picture showing three local men standing behind a great catch of fish at Eagle Lake in 1946. From the left, Brant Sisson of Eagle Lake, Mac Trudeau, Haliburton and Carl Sisson of Lindsay. Our thanks to Mac Trudeau of Haliburton for submitting this photo.

# Bill Smiley

When I leaped from the swamp of editing a weekly newspaper into the quagmire of teaching in a secondary school, I didn't realize it was frying-pan to fire.

Like most people, I had a stereotyped idea of a school teacher. Someone who had quit work while I had still two hours, plus overtime or night work, to go. Someone who was fairly bright, rather shabby, not well paid but never really poor, looking forward to a steady pension after a mere 35 years of work.

Someone who always had a modest home and a second-hand car, the required two or three children, a dowdy and modest wife, and a simple, rather sedentary profession that would enable him to live and collect his pension until he was 90.

But most of all, someone who had a week's holiday at Christmas, another in March and two whole months off in the summer.

I am forced to admit, as well, that I rather looked forward to having a touch of authority. I had none over my kids, because I loved them too much. I had none over my wife, because - well any of you married men know.

True, I had been an officer in the RCAF, which suggested authority. But fighter pilots had no authority. An army lieutenant could scream and curse at his men and degrade them. And himself. If we tried that with some ground-crew chap, he'd merely give us the finger. We were merely the curious young chaps who flew the things. They were the people who made the things fly.

Only once did I have a

chance to be a leader of men, and thus throw my weight around. It was after I'd been shot down and captured. I wound up with about 40 Canadian soldiers. Shortly afterwards, their only two officers, who cursed and screamed and treated them like peasants, escaped. I was the only officer left.

I was pretty keen to show that I was officer material and leadership calibre. I talked about morale, and trying to escape. The only comment was made by a grizzled sergeant, who said flatly, "Screw that!" The others merely laughed.

So I found out that my authority consisted of cutting loaves of black German bread into equal portions of six, with a dull knife, under the guillotine eyes of 38 of the rude and licentious soldiery. And the only reason I had the job was that they didn't trust each other.

So much for authority. But I knew it would be different as a school teacher. I would be firm, but just, a wise and benevolent father figure, but one who would brook no challenge to his decisions.

Yes, a regular Mr. Chips, accepting confidences, doling out gentle but profound advice, having tea with my students, my wife hovering in the background, enjoying the way I twitted the youngsters.

What a pipe dream! I "went into" education, as it is nefariously known, just about the time of the big baby boom at the end of the '50s. New schools were being built, and looked like, a chain of new shoe factories.

Anybody of any sex, and I mean any, that was warm and

breathing and had anything approaching a university degree, was being dragged off the streets and stood up in front of 30 or 35 kids who were just getting into drugs and permissiveness. Every third student was a barrack-room lawyer.

Hair became the thing for males. Jeans so tight a touch would have blown them up, and T-shirts with messages so explicit a marine would have blushed, became the thing for females. Language that would curl a sailor's hair became the thing for both. And not only among the students.

Teachers ranged from fitness freaks to alcoholics anonymous, from pedants to pederasts. They started appearing in long hair and desert boots, in gasp-revealing cleavages and mini skirts and sadistic high boots and Afro wigs. Any day now I expect to see a lady teacher, if that has not become a mere euphemism, carrying a leather quirt. (This is not a type of purse.)

But I tried. I did try. I walked through the halls exuding false confidence, conservatism, and daring, in my modest suit, my white shirt, my dark tie, my black shoes, and my dedicated expression.

It didn't work. Oh, a few students respected me, especially when they could get me off the track of the lesson and talking about real life. A few girls fell in love with me for periods as long as six weeks.

Cont'd. page 10

# Report from Queens Park

by MPP John Eakins

With the 1978 taxfiling season underway, I encourage my constituents to claim their Ontario Tax Credits. In order to receive Ontario Tax Credits, claimants must file a federal tax return and an Ontario Tax Credit form which is included in the list of schedules in the federal kit.

It is particularly important that Ontario senior citizens realize the extra financial benefits available to them under the Ontario Tax Credit program. Three credits - the Property, Sales and Pensioner Tax Credits - are available to all eligible residents of Ontario and are directly related to income. To claim these credits, you must file a federal income tax return even if you have no taxable income.

A Property Tax Credit can be claimed for property taxes or rent paid in 1978. Eligible claimants include tenants, roomers, homeowners and residents of nursing homes or homes for the aged.

Ontario residents 65 or over may claim the Pensioner Tax Credit which is an extension of the Property Tax Credit. Each single person and each married couple where one spouse is 65 or over is eligible to claim \$110.

A Sales Tax Credit, calculated as 1 percent of the personal exemptions on the federal return, may be claimed by an otherwise eligible taxpayer who is not claimed as a dependant. Pensioners have the

advantage of claiming the federal age exemption which raises the total amount of personal exemptions, and consequently, the amount of the Sales Tax Credit. Many pensioners will find it advantageous not to claim a spouse as a dependant. If their income is such that one spouse does not need the married exemption to reduce his or her taxable income, each spouse may be able to file a separate return and claim the Sales Tax Credit.

The federal Guaranteed Income Supplement and the provincial Gains payments need not be reported on the federal income tax return. If a taxpayer's taxable income is \$2,310 or less, it is considered to be nil for both Ontario income tax and Ontario Tax Credit purposes and many pensioners fall into this category. They do not, therefore, subtract 2 percent of taxable income from the total of Credits claimed and they do not pay taxes.

It is estimated that a pensioner on government supplements may expect to receive about \$320 in Ontario Tax Credits for the 1978 tax year. If you are a senior citizen, be sure to file a federal income tax return along with the Ontario Tax Credit form included in the federal kit.

For more information, call the multilingual Information Centre at the Ministry of Revenue, toll-free, 1-800-268-7121.

# Letters to the Editor

from page 4

service without the Government resorting to requesting civil servants to patronize the airline, as was done in 1974 on the Montreal to Ottawa STOL experiment which lost millions. All these airports could soon become "Mini Mirabels".

You are reading now that gasoline rationing is a distinct possibility. I tell you that Trudeau and his buddies had the details of a rationing system well underway over two years ago. I talked with a person who had worked on the scheme for weeks prior to October 1976. But will rationing really be necessary if the price rises to the now predicted \$2.50 per gal.; who among us could afford to continue to drive a car?

Tourist establishments in the beautiful Kawartha and Haliburton areas will be forced out of business when rationing becomes effective. We must retain the option of returning to passenger trains to reach this major recreation area. How many of you remember "The Holy City" of years ago? I do, and as a kid at mileage 7.5, envied all those "rich people" with holidays every weekend. We could well see such train loads of people again soon.

I share the concerns of Deputy Reeve Wright, who sees the need for rail transportation in Somerville Township to facilitate shipments of aggregate to the southern Ontario market. It is neither convenient nor an economic possibility to move quantities of such a commodity other than by rail. But apparently the Canadian National feels they have the sole right to a profitable operation; even if it means scuttling other much needed industry in the area.

Special memo to Victoria County Warden Jack Coulson: I am preparing a brief for submission to the C.T.C. at the hearing which must be held. I have no intention of sending it to your planning committee. They must make their own representation, and together with many more from all concerned municipalities, and private citizens, we will hammer home, again and again, the points that make it necessary to retain this subdivision and the service that is a definite requirement for the convenience and economic development of the area.

Yours very truly,  
A. H. [Art] Eyres,  
Toronto, Ontario.

## To the Editor:

This will be my first letter to an editor; as there is always a first time for everything, here goes.

First a bouquet. Being an old native (well let's say a middle-age native) of Haliburton, I would like to comment on your fine paper that I have enjoyed over the years. Living away in another town, I always look forward to reading all the news and comments from Haliburton and your paper certainly keeps us informed. Keep up the good work.

Now for the purpose of this letter. Could you please tell me why in the world after going to all the trouble of inviting curlers, skiers, hockey players, ski-doers and cottagers to your carnival weekend, that Haliburton did not have a restaurant open after seven o'clock? This I cannot believe! Please comment in paper.

Sincerely,  
[Mrs.] Evie Killingbeck,  
[nee Carnochan]  
Peterborough, Ontario

## HHSES Junior boys win five straight to win floor hockey championship

Junior boys team, tournament junior champions

Junior girls team

This past weekend in Peterborough the Haliburton junior boys floor hockey team won the junior boys' division of the largest International Floor Hockey Tournament in the world. The boys won five straight games and had to play four of them on Saturday.

In the first game Haliburton faced off against a local Peterborough team, St. John's. After a slow start, Haliburton went into the second period behind 2 to 1. However, the boys dug in and the game ended with Haliburton on top 5 to 2. Goal scorers were: Charles Teljeur with three, Bernie Upton and Kelly Mitchell with one each.

In the second game Haliburton took on what was supposed to be a tough American team from Harper Creek, Michigan. With excellent goaltending by Steven Dodd, the boys took an easy victory. Final score was Haliburton 9, and Harper Creek 2. Goal scorers for this game were Kelly Mitchell with four, Charles Teljeur with three, and Brian Morrison with two. Defenceman Barry Boice and Andrew Bishop played especially strong, curtailing most of the American attacks.

In the third game Haliburton took on a strong and unknown team from Pickering and had to wait until sudden death overtime before forward Mike MacNaull scored at the four minute

mark to give Haliburton a 5-4 victory. Haliburton controlled the game for most of the game but blew a 5-2 lead with five minutes to go. Steven Dodd, goalie, made outstanding saves but it was the defence, especially Andrew Bishop who stopped the Pickering team on two occasions in three on one situations.

Goal scorers in this game

were Charles Teljeur with three, and Brian Morrison and Mike MacNaull with one each.

In their fourth game on Saturday, Haliburton took on the perennial winners of boys floor hockey, the A.C.T. team from Peterborough. With superb goaltending by Steven Dodd and excellent defence play by Andrew Bishop, Barry Boice, Don Maharie,

Wade Woodward, Bradnee Chambers and Gary Vanderstarren, the Haliburton squad thwarted the Peterborough A.C.T. attack. It was very gratifying to see the boys hustle and play with so much desire. Goal scorers were Charles Teljeur with three, Kelly Mitchell and Mike MacNaull with one each. Final score was Haliburton 5, and Peterborough A.C.T. 3. In the championship game,

Haliburton took on another strong team from Peterborough - a team from Woodview. The Haliburton team played with much praise and confidence and seemed to control the play for most of the game. After the first period Haliburton had a 4-2 lead. However, the Woodview team came on strongly, tying the Haliburton boys at 4-4 with 43 seconds left to play in regulation time. On a

last second play Brian Morrison tapped in the winning goal off a rebound with six seconds left. Other goal scorers in this game were Bernie Upton with 2, Charles Teljeur and Mario DiPalo with one each.

Roy Hoare, Roy Scott and Dennis Baker, coaches, expressed appreciation to the team on their fine play and sportsmanlike behaviour throughout the tournament.

## Junior girls reach consolation final

A very high spirited junior girls floor hockey team travelled to Peterborough this past weekend to compete in the world's largest international tournament.

In the first game Haliburton met an experienced, fast moving American team, Freemont, and went down to a 9 to 2 defeat. Goal scorers for Haliburton were Lisa Jones and Shona Ross.

The second game between Sportland of Peterborough and Haliburton was a very close battle right to the final buzzer. Haliburton finally scored the only goal of the game with less than two minutes remaining. The goal was scored by Liane Whitfield. Miriam Smith, the Haliburton goaltender played an excellent game, especially in the last two minutes.

The win against Sportland put Haliburton into the consolation final against St. John's of Peterborough. In the first half, Haliburton fell behind 3 to 0. The team rallied in the last half and

scored two goals before time ran out. Haliburton goal scorers were Corrine Anderson and Lisa Malott. Final score was 3 to 2 for St. John's. The Haliburton team played excellent hockey and showed great determination

and spirit. They did not come home losers in any sense of the word and were a pleasure to coach, according to coach Johnston Bailey.

Team members are Miriam Smith, Liane Whitfield, Lisa Jones, Corrine Anderson,

Tracey Wilson, Gayle Tunall, Shona Ross, Angela Gough, Cindy McLean, Michelle Purnell, Lisa Malott, Irene Thurston, Kathy Shipley, Kim Brown, Erin Finn and coach Johnston Bailey.

## Intermediate boys came close but lost

The Haliburton intermediate boys showed that they belonged at the third annual Peterborough Floor Hockey Tournament held this past weekend in Peterborough. Despite losing both of their games, the goal differences were only two and one in their respective games.

In their first game Saturday morning Haliburton faced a very strong Racquets and Jackets team from Peterborough. Many of the Racquets and Jackets players are members of a select team that will be travelling to Sweden this summer, thus indicating the degree of skill and competence of the team.

The Racquets and Jackets jumped into an early 4 to 0 lead before Haliburton found the range. From here on the boys displayed great spirit and determination as they came back to within two goals. However, time ran out and the Haliburton squad went down to defeat 7 to 5.

Scoring for the Haliburton team were: Peter Scheffee,

with two and singles going to Stephen Smith, Paul Vuksic and Scott Mitchell.

This first defeat put the squad on the consolation side of the tournament and brought them up against another squad from Peterborough, the 534 Jets. This time the Haliburton squad started strongly, scoring the

first two goals and led through the majority of the game. However, the Jets came on strongly and took the lead 5 to 3.

In the last two minutes of the game Haliburton scored to come within one goal. The last minute of the game was filled with excitement as the Haliburton squad applied

tremendous pressure but just couldn't come up with the equalizer.

Scoring for Haliburton were: Peter Scheffee, Angelo Ventura, Stephen Smith and John Teljeur. Coaches say the boys deserve special praise for their fine effort and sportsmanlike conduct during the tournament.

## Intermediate girls win one, lose 8-1 to strong US team

On Saturday, February 24, an intermediate girls' floor hockey team consisting mainly of grade 8 students travelled to Peterborough to play in the tournament. In their first game the Haliburton team took on a team from Queen Mary school in Peterborough. In their debut in international play, the Haliburton girls showed good hustle and desire. Lisa Teatro, the goaltender, made many good saves. As a result, the Haliburton girls

came out on top winning 5 to 2. Goal scorers for Haliburton were: Nancy Bagg, Maria MacNaull, Leigh Street, Lianne Bittman, and Sheila Barnes, all with one goal each.

In their second game the Haliburton team met a very good team from Harper Creek, Michigan. American girls teams are usually very strong since the American floor hockey program begins at the age of 8. The Harper

Creek team was no exception. Although they tried very hard, Haliburton lost to the American team 8 to 1.

Goal scorer for Haliburton was Lianne Bittman.

Other players on the team were Cammie Hillis, Lisa Bird, Janice Emmerson, Kelly Linkert, Sherry Davis, Valerie Henderson, Lynn Stamp, Susan Milne and Karen Stamp. Coach Dennis Baker said he wished to thank the girls for their fine sportsmanlike behaviour.

## Fight filled third period clouds 9-4 Huskies victory over Bobcaygeon

For two and a half periods last Sunday, Haliburton Huskies and Bobcaygeon Ti-cats played fast and rough hockey with referees calling every infraction they saw and the teams for the most part sticking to the game.

But late in the third period of their match-up in Haliburton, both sides turned to another version of the game that left more than a few fans shaking their heads in amazement and dismay. Though the Huskies came up with a decisive win, they also came up with 13 penalties in the period, including three major misconducts for fighting. Bobcaygeon fared little better, also drawing 13 penalties, two of them major

misconducts for fighting. It was the third meeting for the teams, with the Huskies hoping to come back from Friday's 5-1 loss in Bobcaygeon, after winning the first game of their best of seven playoff series with ease.

Both teams came out skating in the first period, with the Huskies chalking up the first score on a power play at 5:10. Joe Roberts was the marksman, assisted by Tim Bain and Dave Brown.

Bobcaygeon came back to even the score at 6:19, but the Huskies moved in front again on a goal by Randy Barras at 7:51, assisted by Joe Roberts and Kevin O'Hara.

Bobcaygeon scored a shorthanded goal at 12:32 to even things up again, but

Haliburton came back with a shorthanded goal at 15:31 to regain the lead. The goal came off the stick of Bain, assisted by Brown.

With a little over two minutes left in the period, Huskies capitalized on a two man advantage when Steve Davies found the mark, assisted by Roberts and Barras.

Bobcaygeon looked sharper in the period than they had in the team's other encounters, but the Huskies changed ends with a 4-2 advantage. Haliburton was shorthanded for the first 27 seconds of the second period, with Barras sitting out the last of a cross checking infraction, and though Bobcaygeon put good pressure on, they were unable to beat goalie Craig Wood.

At 3:31, Tim Bain's perfect pass from the corner found Dave Brown free in front of the net and he slid it under the Bobcaygeon goalie's legs to move the Huskies ahead 5-2.

Haliburton lengthened their lead to four goals with a power play goal at 5:07 off the stick of Barry Shaw, assisted by Chris Hodgson and Andy Salvatori. Twelve seconds earlier, a Huskie goal had been disallowed because a player was in the crease.

With Haliburton shorthanded after a tripping penalty to Larry Stinson, Bobcaygeon kept the puck in the Haliburton end but failed to come up with any dangerous shots.

At 10:12, a holding call against Andy Salvatori (who was on the ice by mistake after the referee had penalized Chris Hodgson for a Salvatore cross check) left three men in the Haliburton penalty box briefly.

It took Bobcaygeon a full

minute to get the puck into Haliburton's end, and they quickly lost their man advantage to a penalty.

Bobcaygeon showed they were still in the game however, when a screen shot from the top of the slot found the mark at 19:37.

At the 57 second mark of the third period Salvatori was back in the box, this time for elbowing, and a penalty to Bain at 2:02 left the Huskies two men short. They managed to tie up Bobcaygeon for 36 seconds before a rebound went by Wood for the score.

The goal opened up play, as Bobcaygeon pressed to get back in the game and Haliburton hustled to regain their shrinking lead.

At 5:52, Dave Brown was awarded a penalty shot, and tried to deek the opposition goalie to his left side. But the Bobcaygeon netminder, who has been strong in the teams' meetings so far, stayed with Bain to rob him of the score, and the Bobcaygeon bench erupted in appreciation.

For the next few minutes both teams drew penalties for rough play, and neither side had the man advantage for long.

With less than ten minutes to go, Haliburton had a two man advantage for a minute and 30 seconds before Barry Shaw put a booming shot in from the point.

At the 14:14 mark, Bobcaygeon's number 20 put a headlock on Joe Roberts and then tried to put the fists to him as Roberts covered up.

Roberts went off with two minutes for roughing while the Bobcaygeon player sat out a holding, fighting and a game misconduct call.

With 5:31 left to play, Steve Davies and Larry Stinson

squared off with two Bobcaygeon players, one near centre ice and the other next to the Bobcaygeon net. By the time the referees got them all sorted out, Davies and Stinson were ready to be sent off with fighting and misconduct penalties, and the Bobcaygeon players got the same.

The pace slowed to a crawl as both teams played with four men a side, until Steve Farnsworth made it 8-4 at 17:45, assisted by Joe Roberts.

With less than a minute and a half to play, Haliburton had the man advantage once more, and Barry Shaw connected for his third of the game assisted by Bain and Ed Roberts.

A few seconds later a verbal battle between Shaw and a Bobcaygeon player resulted in a showing match that saw the Bobcaygeon player flat on his back through his team's bench door and Shaw heading off to the dressing room.

Final score was Haliburton 9, Bobcaygeon 4.

The teams meet Wednesday in Bobcaygeon, and will be back in Haliburton Friday for the fifth game of the series.

### Twelve rinks for ladies spiel

This weekend the ladies of the Haliburton Curling Club will host seven out-of-town rinks. Along with five Haliburton rinks, these teams will play two 10-end games in quest of the CKCO trophy.

Three of the visiting rinks will be attending the spiel for the first time: Weston, Barrie and Newmarket, while four teams are returning from Minden, Lindsay and Fennell Falls.

Bonspiel convenor, Kit Koehler, says many local merchants have responded favourably to requests for prizes for the event.

Added features at this weekend's bonspiel include novelty prizes, a gourmet dinner served by the men of the club and after dinner entertainment.

**General Meetings To Be Held**

The directors of two local snowmobile clubs will go to their members shortly for a new mandate to carry on the many tasks of running an efficient organization. Some directors will, of course, be stepping down and these have to be replaced with new people who are capable and willing and who have the best interests of the snowmobiler at heart.

One club meeting is scheduled at Highland Grove, March 3 by the Paudash Trail Blazers. Snowmobilers in the eastern townships should plan to attend. The Saturday afternoon meeting is preceded by a short ride and dinner. For details contact Ross Lawrence at The Homestead, RR 3, Bancroft.

The Haliburton County Snowmobile Association has not yet established a time and place for their general meeting but it was firmly decided at a recent directors meeting that one would be called soon. Watch for further announcements in this regard.

Both of these clubs, and others, have been instrumental in bringing new winter business to Haliburton County. Their work on trails alone has made the county a more attractive place for visitors. More than 300 miles of excellent trails are there for your enjoyment and new trails are added every year. Both clubs have come up with good trail maps this year and

Third period rally wasn't quite enough

## Midgets lose squeaker to Coldwater

It was do or die for the Haliburton OMHA Midgets last Wednesday when they took on Coldwater in the third game of their best of five playoff series. Behind two games to none, Haliburton had to come up with a win if they hoped to stay alive.

Trailing by three goals at the start of the third period, Haliburton battled back in a display of sheer determination few other teams have equalled this season. But desire isn't enough if your luck doesn't hold, and for Haliburton, luck ran out with

a little more than two minutes left in regulation time.

Coldwater got off to a very quick start in the opening period, chalking up their first goal just 52 seconds into the game.

From then on the teams settled down to a closely matched action, with Haliburton trying to even the score and Coldwater looking to stretch their lead.

The break for Coldwater came at 14:38, when they put another one into the Haliburton net.

Haliburton tried to come back in the second period, but were unable to find the mark. Once again it was Coldwater

banging one in, this time at 9:51 to move into what seemed like a comfortable three goal lead.

But Haliburton came back from the dressing room to a clean sheet of ice, determined to get back into the game. And get back they did, chalking up three unanswered goals to make it anybody's game.

Haliburton's scoring spree got off the mark at 4:52 when Ben Matthews teamed up with Butch Manary to put Haliburton on the board for the first time in the game.

Fired up, Haliburton connected again just 30 seconds later at 5:22, when Mike Rae

took control of the puck and beat the Coldwater netminder to bring Haliburton within a goal. Haliburton continued to dominate in the period, and at 11:18 Darrin MacInnes tied things up, assisted by Tony Scheffee.

At that point it looked like Haliburton would stay alive in

the series, but Coldwater crushed their hopes with the go-ahead goal at 12:32.

Haliburton skated hard in an effort to tie the score again, but time ran out on the game and the season for the local Midgets.

Final score was Coldwater 4, Haliburton 3.

## Volleyball team does well

On February 19, the Midget Girls Volleyball team from Haliburton Highlands Secondary School travelled to Cobourg to take part in the Kawartha qualifying tournament. They competed against nine other schools, all with the rating "AA", indicating schools with a larger student population. Even though this was the first tournament for these girls, they did very well. They defeated Lakefield 15 - 12,

Cobourg East 15 - 9 and St. Peter's 16 - 14. They lost extremely close games to Fenelon 16 - 14 and Weldon 15 - 13, and lost by 15 - 8 scores to Port Hope and Cobourg West.

Fenelon Falls, Cobourg East, Cobourg West and Port Hope were the schools that earned the right to advance, four schools that met tough competition from the Haliburton girls.

Intermediate boys team

## Minor hockey plans fun night

If you've been meaning to dig those skates out of the closet all winter, but haven't yet done so, Saturday night is your chance to pull them on and take a few turns around the ice as a fun night and dance takes place to raise

money for Haliburton Minor Hockey.

Activities will get underway at 7 p.m. at the Dysart arena, where the OMHA Bantam team are sponsoring a fun night at the rink. The evening will begin with a half hour of family skating.

At 7:30, competitors will line up for a half hour of games and races for young and old alike. Even if you don't skate, come out to the rink and cheer for your favourites in the competition.

At 8 p.m. the ice will be reserved for a final half hour of family skating.

The Haliburton Legion has donated the hall and facilities for a dance that gets underway at 9 p.m. Minor Hockey will supply the music and food, and minor hockey parents and supporters are expected to supply the crowds for a night of dancing.

Music will be by Ed White-way and Company. A special occasion permit has been acquired.

Everyone interested in minor hockey is urged to come out and enjoy an evening of relaxation, with proceeds going to support Haliburton Minor Hockey.

## Along the Trails

from page 6  
these are available for the asking from most business establishments.

**Off to Port Sydney ... Maybe**  
This is the weekend for my annual snowmobile safari. It is if the trails have not been softened too much by the rain. A group of seven riders from the Twin Mountains Club of Bobcaygeon have planned a ride to Port Sydney via Haliburton and they have asked that I be their guide from Gooderham on up. The plan is to stop over at Devine Lake Lodge Saturday night, the 24th, take in a pancake breakfast at the Port Sydney Winter Carnival and ride home Sunday. Should be an interesting trip ... if the rain holds off. I'll tell you about it next week.

## Minden Pee Wees tie, win

The Minden Tri-County Pee Wees and Cannington tied 2 - 2 in a game on Saturday, February 24 in Cannington. Scoring for Minden were John Dillon from Paul Walker and Paul Allore from John Dillon.

On Sunday, February 25, Manvers and Minden met at

Minden where Minden won 8 to 3.

Scoring for Minden Pee Wees were Paul Walker and Kevin Forbes with three goals each and Paul Allore and Mike Gorgevatt with one goal each. Assists went to John Dillon with two and Paul Allore with one.

## Haliburton County Gun club holds first meeting

Dr. Jeffrey Lodenquai, president of the newly formed Haliburton Gun Club, said Monday night that initial response to the club's call for members has been encouraging. Forty-two people turned out to the group's first meeting, February 14.

Dr. Lodenquai said the club was formed with the intention of bringing together men, women and teenagers with an

interest in shooting.

One of its major aims will be to teach safe handling of firearms, as well as to encourage competitive shooting.

Officers elected at the meeting were: president, Dr. Jeffrey Lodenquai; vice president, William Payne; treasurer, Lonnie Davis; secretary, Mrs. D. Thayer; pistol captain, Boyd Jarvis; rifle

captain, Ron MacKenzie; shotgun captain, Charles Muli; club captain, Gary Bradamore; chairman, constitution committee, Glynne Lewis; chairman, range site committee, Ron Buchanan.

The club hopes to find a site where shooting can take place without disturbing others. Dr. Lodenquai said. Two offers of land for a range have already been received. The sites will be examined by Ron

Buchanan and his committee, and a recommendation is expected to be made at the club's next general meeting late in April.

Anyone with an interest in the club who was not able to come out to the first meeting is encouraged to attend the next general meeting, Dr. Lodenquai said.

Exact date and location of the meeting will be announced later.

## Scoresheet

**House League Novice**, played at Wilberforce February 8, Wilberforce vs. IGA.

First period: Wilberforce scored twice in the period, both goals going to Tim Hunter at 3:58 and 7:05, unassisted.

Second period: Wilberforce got the only goal of the period, at 11:55 off the stick of Colin Hunter.

Third period: Once again it was Wilberforce scoring the only goal of the period, at 9:05 when David Anderson banged one in assisted by Shawn Stoughton.

Final score was Wilberforce 4, IGA 0.

**House League Novice**, played at Wilberforce February 15, Wilberforce vs. Apsley.

First period: Wilberforce's Colin Hunter got the only goal of the period, at 9:09 unassisted.

Second period: Colin Hunter again got the only goal of the period, this one at 6:03, unassisted.

Third period: Wilberforce scored at 9:37 when Tim Hunter found the mark, assisted by David Anderson. Tim Hunter scored his second of the period at 11:17, assisted by Colin Hunter. Apsley got one goal in the period before Wilberforce connected for the fifth and final time.

Final score was Wilberforce 5, Apsley 1.

**Tri-County Atom Playoff** held in Beaverton on Saturday, February 24: Beaverton 6, Haliburton No. 1 Atoms, 2.

First period: Beaverton scored two goals in the opening frame, both from the stick of David Marshall, one at the 6:04 mark with assists to Michael Turner and Chris Carpentier and then at the 2:54 mark with an assist going to Chris Carpentier.

Second period: Beaverton added two more goals before the Haliburton team netted one as Michael Turner scored at the 5:41 mark, Leon Tirums scored at 4:39 and then Jim Dodd scored for Haliburton at the 2:39 mark with an assist going to Darren Whittaker. There were three penalties in the period as the host Beaverton team picked up two minors to Haliburton's one minor.

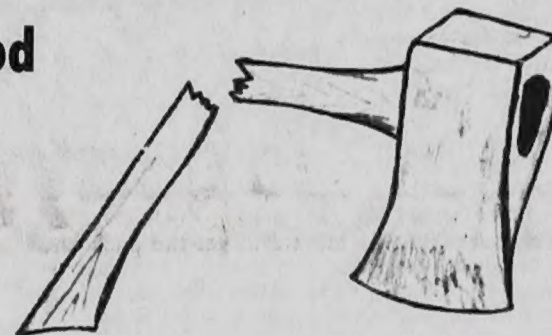

Third period: Beaverton scored at the 14:16 mark as Chris Carpentier scored, Haliburton's last goal was counted at the 2:50 mark as Jim Dodd netted one unassisted and Beaverton scored the final goal at 2:18 with Chris Carpentier getting credit. There was one penalty to Beaverton.

**Tri-County Atom Playoff** held in Haliburton on Sunday, February 25: Beaverton 5, Haliburton No. 1 Atoms, 0.

No scoring available.

Beaverton has now advanced to the next round of the Tri-County Atom Playoffs having defeated the Haliburton No. 1 Atoms in two straight games.

## Norland Notebook

by Barbara Maunder

Norland Women's Institute is sponsoring a special meeting of interest to both young and old men and women in the Community Hall on Monday evening, March 5 at 7:30 p.m. Miss Helen Reid, our local public health nurse will speak and show slides on the health services that are available in this area - many of which are free. A question and answer period will follow her presentation and all are invited to attend this informative get-together and stay and enjoy light refreshments afterwards, courtesy of the W.I. members.

Contributions are being accepted by Retha Bryant at the Norland post office for the family of John Johnson, who recently lost their home and most of their belongings in a fire on February 16. They size floral comforter was won by Mrs. Ruth Cammack of Head Lake. The draw was made by F.V. LeCraw on Sunday, February 17 at 1:00 p.m.

Mr. Andy Boyce of Sudbury visited with his sister Mrs. Mabel Woodcock for a

few days this past week. Mr. Boyce said that Sudbury has had a cold, snowy winter but he thought that there was more snow here in Norland than had fallen the past few months in Sudbury. Not exactly a record to be proud about, is it?

Knox United Church Women will hold their annual Shamrock tea on Wednesday, March 14 from 2:00 to 4:00 p.m. in the church hall, Cobocook. A warm invitation is extended to all to attend and also enjoy their bazaar and bake sale.

We will hope for good weather on Monday, February 26 so we can see the partial eclipse on T.V. between 11:00 a.m. and 1:30 p.m. The next one is not scheduled for 38 years on August 21, 2017 so that is a long time away if we miss seeing this one.

Jean Boyce was the lucky lady who won the Firemen's Hockey Pool on Saturday, February 17.

The travelogue "Exploring Norway" with narrator, James Forshee from Ann

Arbor, Michigan was shown to a capacity crowd at the Academy Theatre in Lindsay on Thursday evening, February 22. Mr. Forshee had richly coloured film of this scenic and mountainous country. If you look at Norway on a map you will see that it is a long narrow piece of land and has 1,600 miles of coastline but when you add in its many fjords, some of which are over 100 miles in length, the shoreline then changes to 12,000 miles. With a little imagination you can picture just how many fjords that there are in this country that is a skier's paradise. It was there that the first cross country skis were made and today producing all types of skis is a very large part of the business economy and many skis are shipped to other countries including Canada. We saw one of the factories where the attractive and warm Norwegian sweaters, socks and toques are designed and made - another popular export. Since the most northerly city in the world is

Hammerfest, Norway, no film would be complete without seeing this sparsely settled point and hearing of the land of the midnight sun north of the Arctic circle in Norway where during six weeks in summer, the sun never sets and the reverse is true for the winter; for five weeks, no sun at all. Norway is not densely populated, with less than five million people and half a million of these live in the capital, Oslo. Mr. Forshee visited this Scandinavian country in July and after seeing his pictures at that time of year, I would think that one would have a very difficult time finding more beautiful or scenic landscape anywhere else in the world. The next Rotary travelogue is "Byways of France" with narrator, Robert Ditta, on Thursday, March 1 at the Academy Theatre, Lindsay.

The next time that you are in the Norland Public Library, notice the long wooden table that has just been most attractively refinished by local craftsman,

Fred Patullo of Crossroads Antiques.

Standings for Game 3, Series 3 of the Norland Bowling League are teams of B. Maunder and L. McLean - 14 pts., N. Chynoweth, B. Davey and K. Watson - 12 pts., L. Jewell - 11 pts., T. Watson - 7 pts., and D. Boyce - 2 pts. Ladies high single, Jean Boyce - 217; high triple and average, Nelly Chynoweth - 550, 190. Men's high single, K. Watson - 244; high triple, Peter Purcell - 646 and high average, Harry Smith - 197.

Ministry of Culture and Recreation has announced that after May 1, you can use your losing Wintario tickets as part payment to buy Canadian record albums or see a Canadian movie. Each non-winning ticket bought between April and September will be worth 50 cents and you can use up to \$2.00 worth on any single purchase. This offer will be good between May 1 and September 30, 1979.

## Chatting with Irene

by Irene Moore

As I sit here the sun is really warm on my back. I wonder what it will be like at noon. I'm not complaining about the sun, for it is getting at the snow, and if we do not lose some of that stuff there will be lots of water come spring, hopefully not a flood, but one can't say for sure.

March birthdays at Hyland Crest Home are: Alfred Richardson - 2nd; Bruce Sims - 5th; Irene Burns - 13th; Violet Young - 16th; Pearl Bowron - 21st; and Hugh Kernohan - 22nd.

Mr. and Mrs. Ross Ballantyne flew to Las Vegas for the weekend. I hope they were lucky.

The Rotary bingo will start again next week. They have changed the night to Tuesday. That is too bad, because for years the other organizations have steered clear of the Rotary night, but now it will be a real mix-up. Anyway the bingo starts on Tuesday, March 6.

Mr. and Mrs. Earl Hewitt are home after their holiday in Florida.

Don't forget the World Day of Prayer being held at Hyland Crest this Friday afternoon at 2 p.m.

Mr. and Mrs. Gordon Dawkins and Beverley of Rexdale visited with Mrs. Ethel Harrison and the Wm. Moores, Sunday on their way home from their cottage near Big Hawk Lake.

I do not usually put deaths or illnesses in the paper, but I have been asked to mention them this week as some may not know that Mrs. (Wm.) Evelyn Moore has left us. Mr. and Mrs. Moore have been summer visitors for 22 years. A few years ago they purchased a home at Lutterworth Estates, but spent most of their time at their cottage.

Mrs. Dave Blair (Mrs. Alf Pritchard) has also left us; also, Mr. Al Hobden and Mr. James Beattie.

An open, interested citizens meeting is being held at the council chambers, Minden on Monday, March 5, for the Library-Museum. This meeting is open to everyone who wishes to attend, so

come out and help out.

Last week the Agricultural Societies of Ontario held their annual convention in Toronto. Attending from this area were Beatrice Taylor, Loretta Nesbitt, Helen Johnson and Bev Connelly.

Miss Pam Carrell of Belleville spent the weekend with her parents Mr. and Mrs. Bill Carrell.

It seems that the hockey teams who went right through last year played themselves out, for the teams who are in the quarter finals this year are the Pee Wee A's and the Midget A's. They meet Tamworth at the Minden arena on this Saturday, March 3. Times: Pee Wees - 4:30 p.m.; Midgets - 6:00 p.m.

There is a bus going to Tamworth on Sunday for the games, so if you want to follow these teams and not drive, contact Ross Warburton.

Mr. and Mrs. T. Hurtt spent a few days in Toronto last week.

Well, I stopped to watch the eclipse, did you? Where did I see it? Why on T.V., of course. It got very dark here and we had to turn on the

lights, so I am typing under the electric lights.

Mrs. Joyce had all her family home for the weekend; Neil from Carlton Place, and the others from Toronto.

Winners at the Mini Card Party last week were: bridge - Anne Rockery; cribbage - Dora Dawson, Vera Ward; euchre - (lone hand on cut), Della Griffin, Pearl Cowen, Norah Briggs.

Recipe for the week: Diet Peanut Puffs: 2 eggs, 1/4 cups crushed graham crackers, 1/4 cup peanut butter, 1 tsp. liquid sugar substitute, 2 tsp. baking powder, 1/4 tsp. salt, 2 tsp. skim milk. Beat eggs; blend in graham crackers, peanut butter, sweetener, baking powder and salt. Beat in milk, one tablespoon at a time. Drop by teaspoon onto greased cookie sheets. Bake at 350 degrees for 8 minutes.

Attention all: The Minden and District Horticultural Society are holding their first meeting of 1979 on Tuesday evening, March 6, at the Minden Council Chambers. Time is 7:30 p.m. These meetings are open to all of Haliburton County, so it is hoped that all interested in

Cont'd. page 12

## Guild of Fine Arts News

by Carole McLean

The Guild's Winter Carnival Sale was a welcome attraction to all visitors to our winter carnival. With the temperature somewhere in the low teens, a warm and attractive place to revive those cold hands and toes proved to be the order of the day.

### Board of Directors

The Guild of Fine Arts Board of Directors have appointed a special committee under the supervision of Lorne Colborn to go over the constitution and make proposed revisions to be presented at the annual meeting in June. These proposed revisions will update our constitution to cover our present day activities. The constitution has not been revised since the Guild's conception 11 years ago.

### Ontario Crafts Council

All crafts people submitting work to the Central Regional Show to be held at Georgian College in Barrie, Ontario are asked to bring their pieces to the studio of Dal Hubbard on the morning of March 3 for pictures.

The council has already set a date for the 1980 show to be held in Haliburton at the new "Guild Station Gallery", the finalized date will be May 3.

This will be quite an honour for our community and our Guild.

This weekend a conference for all representatives of the Ontario Crafts Council will be held in Kingston, Ontario. The conference will deal with

the "Standards of Workmanship" for instructions and instructions.

Our own representative Mary Wallace has tentative plans on attending, however if circumstances prevent her from doing so a substitute will be appointed in her stead.

### Weavers Group

As a not too active weaver these days, (the desire is still there, the days just don't seem long enough), I was amazed at the speed at which the table runners were woven and removed from the loom in time for the "Weave-A-Project" now in progress. The table runners will undoubtedly be an attractive addition to the displays at the Guild's Summer Exhibition and Sale. Congratulations to all the weavers who donated materials and time to see this project through to its rapid completion.

### Rug Hookers Group

A pleasant surprise was in store for me at the last Board of Directors meeting. After speaking weekly to Thelma Ewing in regard to material for this column, I had the distinct pleasure of meeting her for the first time and not one to pass up an opportunity I asked her what the group was doing and what plans they had for this year. Thelma told me that as every group has a special fund raising project for the "Gallery", the rug hookers are selling chances on "Guess when the Old Car Will Sink to the Bottom of Head Lake in Hal-

burton". All you have to do is guess when and win \$50.00. You can pick up a ticket from any Guild member or business establishment in Haliburton. For further information check the Coming Events column.

The meetings are still being held at Marg Fedorchuk's and will continue to be held in the homes of the members for the time being.

### Guild History - "Local Teachers and Artists"

Now securely financed, the Haliburton School of Fine Arts could concentrate on improving equipment and facilities while generally promoting arts and crafts in cooperation with such groups as the weavers and potters, Carole Finn and Karl Hanke ran evening courses in painting and Carol Duncan taught an informal class in tailoring. Mrs. Laura Peachell, President of the Ontario Hand Weavers and Spinners was engaged for weaving courses. The new gallery's official opening exhibition was the Fourth National Burnaby Print Show, January 25 to February 6, with a lecture on painting given by Paul Bennett.

This auspicious beginning was followed by other exciting events - a weaver's evening in March attracted 42 persons (4 signed up for the summer courses). In April an introduction to pottery lecture by ceramics instructor Luba Linhart, who with his wife Mila had established a studio on the Drag River

south of Gelert. The Linharts mastered their craft by independent study of native North American art and minute examination of every stage in pottery construction from mixing slip to final decoration.

Next week - "Thilde Nevitt, her unselfish contribution."

Tommy Bain, who is taking an engineering course at the University of Western Ontario in London, spent a few days with his parents, Mr. and Mrs. Russell Bain.

Kenny Fountain of Toronto spent the weekend with his parents, Harry and Audrey Fountain.

John Fountain spent the

weekend at the Toronto Harbourfront Model Railway show. He says he really enjoyed every second there.

Ross and Dorothy O'Brien spent the weekend with their daughter and family Doug and Carol Wall.

Bob Murphy of Gault spent the weekend with Lorne Sawyer.

Congratulations to Steven Davis who was seven years old last Thursday. Gerald and Pat Bain, Ross and Barb Ballantine, along with Larry and Shirley Hewitt left last Thursday for a few days in Las Vegas, Nevada.

Deepest sympathy is extended to the family of Bill Nicholson who passed away on the seventh of February at Newcastle. Bill and his family lived here in Maple Lake for many years.

Friends of Charlie Fader will be sorry to hear he suffered a slight stroke on Thursday.

Friends of Lynn Frankland send their best wishes to her in St. Joseph's Hospital in Toronto where she underwent surgery last Wednesday.

John, Elva Barjarow and boys of St. Andrews West are spending a few days with Larry and Alma Barjarow. They also visited his mother, Blanche Barry and her mother Ethel Fader in Extensicare.

Jim and Eleanor Harrison left on Sunday for Toronto where he will attend the Good Roads Convention, then on to Ottawa for the annual Prayer Breakfast.

## Recycle it!

by Jane Selbie

**Editor's note:** With this issue we introduce a new column of household hints written by an area resident. Readers are urged to participate in the column by submitting their own ideas on recycling. A monthly prize of \$5 will be awarded for the best suggestion, which will be published in a future column.

Everyone nowadays is interested in cutting costs in meal planning, wardrobe changes, household conveniences and decorating innovations. This column hopes to offer you some inspirations that achieves this goal and gives you an enjoyable new pastime.

People often laugh at my frugality...never throwing anything away...yet they usually fail to identify the items made with them. Lots of recycling projects look like that...recycled junk. I prefer to aim for useful, functional items that look professional.

It is my hope that you'll share your ideas. The good ones will be published and beginning in March a monthly winner will be announced. Your prize for the successful entry will be \$5.00...a modest start, hopefully it will be larger later. Send your suggestions care of this paper.

This week's quick recycled article is a scouring sponge; requiring an old nylon mesh onion or fruit bag, a fine sponge square and nylon fishing line (that tangles mess from last summer). Enclose the sponge with the mesh to form a nice hand sized square. Cut away excess net, allowing enough to fold a little under for strength, fasten with the nylon line. Voila, an excellent scourer safe for teflon. It also works as a dish detergent extender, just put the soap directly on the "sponge" and I guarantee you won't run out of soap suds before the dishes!

1000 mL = 1 L (litre)  
1000 mm = 100 cm = 1 m

# Coboconk News

by Shiela Lake

## Intended for last week -

Mr. and Mrs. George McNulty of Manitoulin Island and Southampton were weekend visitors of Jean and Bob Callan.

Mrs. Grant Benson was admitted to Ross Memorial Hospital on Tuesday of this week. Lorne Farrow is still a patient in St. Joseph's Hospital, Peterborough, also Lorne's brother-in-law, Alf Hilyer of Burnt River is in the same hospital.

Our sympathy to Helen Farrow in the loss of an infant grandson this past week. Helen's mom, Mrs. Murchison is also on the sick list and in Ross Memorial Hospital, Lindsay.

A former minister here, back in the 40s, Rev. Cecil Ball lost his wife on Monday. The Ball's have been Toronto residents for a good number of years, and it was in Toronto Wellesley Hospital that Margaret Frances Ball died on Monday, February 12. Besides her husband, four children survive, namely Lillian Brown of Rochester, New York, Harold Ball, Cecil Ball and Delores Blacoe, all of Toronto. Interment was in Mount Pleasant Cemetery.

Mr. Morris of Balsam Lake Drive is recovering from a broken ankle. Mr. Morris who lives alone, celebrated his 90th birthday last week.

The Souter's from Souter's Variety Store leave this week

for a holiday in beautiful Hawaii. Lucky folks - no snow or zero temperatures there!

The I.G.A. was open on Wednesday after a two-day closure. The entire stock was repriced at a lower figure which makes shopping at home more appealing. Now, I wonder how long before those prices creep back up, a penny or so at a time. Careful shoppers will catch the interest. The "grocery bill" is the culprit that takes the biggest bite out of the week's paycheck so most housewives are careful shoppers.

It was 40 below zero on the old scale at seven a.m. this Saturday morning. The sun is warm through the window but don't let that fool you! It is very, very cold. This has to be some sort of record. All of February has been so cold - when do we get a break?

Yours truly, accompanied by Mrs. A. Marles and Mrs. Ross Faulkner were visitors of Mrs. Wm. Goode at Queensville on Wednesday evening.

Mr. and Mrs. Earl Hughes were visitors of their sons and families who all reside in the Cambridge area.

Mrs. Herb Fell and Sherry of Lindsay were visitors of Mrs. Fell's parents on February 15 on the occasion of the birthday of her mother, Mrs. Sanford Richman. Mrs. Richman is not in the best of health and was pleasantly surprised to have her daughter with her.

Mr. Speck of Water Street is a patient in Ross Memorial Hospital, Lindsay. Get well wishes to all our sick neighbours. Hope you are soon all well and happy and back in your own home soon.

The new Brewers "portable" store will officially open February 20. The new store is beside Vicky factory just to the north. If beer is your "cup of tea" there is lots of parking space and it's well away from our main street congested areas.

Our sympathy to the Johnson family of Norland who lost everything in a fire on Friday. The family were away at the time of the fire yesterday morning. I'm sure they would appreciate any furniture or clothing you could supply so they can again establish a home.

On Wednesday, the Choral Group, under the direction of Doug Merrett, entertained at Beaverton Manor, Beaverton. They put on a skit "Hello Dolly" and enjoyed a wine and cheese party. About 30 members attended. They have a busy schedule ahead since they are booked February 21 to entertain at Victoria Manor, Lindsay.

On March 7 they will entertain at Highland Crest home in Minden. On March 25 they will sing at the Presbyterian Church, Beaverton on the church's anniversary.

At Lion's, Wim Magee, O.P.P. of Minden, showed a film on crime prevention. Thursday evening was ladies night at the Lion's meeting.

The men prepared dinner, and hosted as guests Gertie Creighton, Doris and Marilyn Bartley, Millie Moss and Bonnie Quinn (who worked hard on the Lion's bingos) as well as spouses. The ladies raved about their delicious dinner.

## Farm News

Two of the most useful annual publications for farmers are now available from the Lindsay Agricultural Office. These are: "1979 Field Crop Recommendations" and "1979 Guide to Chemical Weed Control".

The Field Crop Recommendations booklet includes information on varieties, cultural practices, fertilizer needs and insect and disease control measures for corn, forages, cereal grains and beans. This year this booklet does not include information on weed control.

To find the latest weed control measures for all field and horticultural crops, plus a good deal of useful information on spraying equipment and herbicides, obtain a copy of the "1979 Guide to Chemical Weed Control".

## Thursday ladies bowling

High triples in Thursday ladies bowling action went to Kay Barry, 696, on the strength of games of 273 and 237; Iris Taylor, 670 - 278, 203; Dorothy Robinson, 638 - 235, 207; and Marlene Robinson, 619 - 234, 201.

Others with singles over 200 were: Flo Henderson, 242, 228; Jean Carr, 258; Lil Gorveatt, 245; Alberta Maitland, 235; Ann Baker, 220; Debbie Allin, 217; Susan Beers, 204; and Lynn Simpson, 200.

Standings as of last week were: Iris's Super Sports, 36; Lil's Teddy Bears, 36; Susan's Sizzlers, 30; Joan's All Stars, 26; Kay's Tigers, 21; and Eva's Tigers, 13.

Saturday night 50-50 winner of \$18.00 at the Legion was Helen Lee of Minden. The \$20.00 hockey pool went to Gerald Crego and Gerard Allan.

Congratulations. Don't forget this Thursday is Wintario night at Bancroft. Coboconk and Kinmount hockey on Thursday was 10-5 for Coboconk. Saturday was 4-3 for Kinmount and Sunday Coboconk beat 6-4. Good hockey!

Congratulations to Mary and Albert Stata, 40 years married on March 2. Bingo will be 52 numbers for \$120.00 jackpot this Friday.

Bye for now. See you next week.

These publications are available free of charge - to get your copy, contact the office by phone or mail, or drop in to pick them up. The Victoria Soil and Crop Improvement Association are sending copies by mail to all their 1979 members.

**Is Bigger Better?**  
There is a lot of "food for thought" in a recent column written by Dave Little, the Agricultural Representative for Renfrew County. Here are some excerpts from that article:

"This is the time of year for machinery shows where companies display their biggest line of machinery and equipment."

I had an interesting chat with a dairyman about the problem of generating enough income for two families on a family farm, when a father is too young to retire and his son is ready to farm full-time. So often, in this situation, the emphasis has been on expansion of the dairy operation with more livestock, land and equipment to meet the financial needs of both families.

This dairyman and his son milk about 35 cows on 200 acres. They have no investment in upright silos. They use only medium horsepower tractors. And they see no need to moving beyond this size of operation.

The secret of his philosophy is that over the years as a successful dairy farmer, he has been able to realize some profit at the end of each year.

Rather than plowing these profits back into the farm, by buying expensive silos and machinery, he invested some each year. These off-farm investments, he is now able to farm with his son and still keep the operation at the same size.

The son can easily handle the work in the wintertime, leaving the father with some well-deserved time for travelling, and they can both get the work done when it should be done in busy times.

And this dairyman didn't have high milk production as he doesn't have big capital investments to make payments on.

This dairyman raised a very legitimate question: why should he build bigger silos to feed more cows, and drive bigger tractors, over more acres, just to make bigger payments? How could I argue: he was proof enough that a dairyman and his son can work together on a reasonable size of farm - as long as he isn't lured into the notion that he has to be bigger to be better."

## West Guilford

from page 8  
party this Thursday evening at the centre.

There are still two or three tickets available for the Snow Shuffle this weekend. For more information call 754-2214.

## Smiley

from page 5  
But one can only hold his thumb in the dyke for so long. No pun intended. They overcome you by sheer numbers.

Today, when a teacher walks down the hall, he no longer feels like Mr. Chips. He feels more like a referee at a boxing match, as he darts in, trying to break up a clinch in which one of the participants is in danger of being strangled. By a tongue.

One of my students, Grade 9, wears across the not-inconsiderable chest of her T-shirt the legend, "No Browsing."

And perhaps that's why a dozen teachers have died young, in their 30s and 40s, while I've been at it, and three colleagues at time of writing, are in the intensive care ward of the hospital, with heart attacks. Not an old person among the lot. Perhaps I'll join them one of these days, and we could play bridge, flat on our backs.

Or does anyone have a job for an old editor who would trade 160 kids a day for a 60-hour week, with one week's holidays?

## Maple Lake

from page 9  
called on her mother, Mrs. Blanche Barry and her brother, Mr. Frank Barjarow on Sunday.

Ben and Janis Butzer of Lindsay visited with her grandparents, Earl and Merle Redner, Saturday.

The streets are for the people.  
Exercise your rights.  
Walk a block a day.

## BOWES & COCKS LIMITED REALTOR

The Gallery OF HOMES

HALIBURTON 457-2220 MINDEN 286-2381

### WILBERFORCE

The most progressive town in the Haliburton Highlands, maybe even Ontario. Lot 14 - SOLD

\* Prices are subject to change without notice. Please Contact John Parish at 457-2611 or 457-2986.

ACREAGE WITH WATER: Over 200 acres of mature timberland, close to village. 30 acre pond included, over 3,000' of road frontage. Call Jack Brohm at 457-2611 or 457-2394.

## Kinmount Klippings

by Fran Crawford

## Intended for last week -

Hi folks! Well, it's a lovely sunny day. Even the birds are singing. Maybe spring has sprung.

Wednesday, February 14, Royal Canadian Legion Branch 441 Ladies Auxiliary had their regular meeting with 15 members in attendance. We were glad to hear that Marguerite Curtin is at home and feeling much better. Also Chris Harper is out of hospital and able to be up around after suffering a heart attack. We have also decided among us, why wait for spring, do it now. This week we are making a start at housecleaning the hall and kitchen. We had special visitors, too; Mrs. Phyllis Monte Miglio, zone commander and her friend, Mrs. Jean Dayman came from Lindsay. After the meeting everyone enjoyed lunch donated by some of the ladies.

Thursday night, Kinmount boys beat Ormell Sand and Gravel boys in hockey with a score of 18 - 8. Keep up the good playing!

Saturday evening the men of Branch 441 put on a lovely dinner for the Ladies Auxiliary. There were 23 who sat down to wine, tossed salad, half chicken each, with mashed potatoes, peas and turnip, topped off with lemon or apple pie, tea or coffee, after which we spent the balance of the evening visiting and dancing to the music of (disc jockey) Albert Crego. All drinks were on the house. What a treat for us ladies. The men even did up dishes and tidied up. We had a few step dancers to entertain too; Mrs. Verla Young, Mrs.

Mary Monro and Gladys Silver.

At the arena Saturday the masquerade winners were 10 and under, Jane Austin, first, and Jill Dettman, second. Over 10, Christine Brelsford, first, and Claude Crego, second.

Kinmount won the hockey game with the Irondale boys, 13 - 8.

Claude Dettman got two turkeys at the shooting match.

I wasn't there so I'm not up on any of the other entries.

There was a full house at Galway Hall Saturday night for the Valentine dance.

Mr. P.J. Mullen from Toronto, spent the weekend in town visiting his fiancée, Miss Connie Crego and family.

Mr. Harvey Wallace of Lindsay was \$18.00 in the 50-50 draw at the Legion, Saturday night, and Mr. Bill Lilley of Norland won the \$20.00 hockey pool.

Mike and Mary Hartin held open house on Sunday in honour of Gerald and Gladys Silver's 30th wedding anniversary. There were relatives, friends and neighbours dropping in all day. They received some wonderful useful gifts and cards and money. Congratulations to the young couple.

Monday, February 19, Grade 8 pupils of Kinmount public school spent the day at Fenelon Falls Secondary school. All four of them went

by bus. They were: Carrie Dettman, Sarah Suckling, Ward Crego and Judy Dean. Cheerio for this week.

Hi folks. I don't know what happened to my news last week. Hopefully it will be in this week too.

The Ladies Auxiliary of the Royal Canadian Legion Branch 441 were busy last Monday and Tuesday Housecleaning the kitchen at the Legion. We are doing the hall and hopefully we will have someone paint the ceiling for us.

The community was saddened last Wednesday morning to hear of the sudden death of a good friend and neighbour, Bill Simpson. Deepest sympathy to his family. The Royal Canadian Legion held a service Wednesday night at the John Welch and Son Funeral Home in Minden and the funeral service was Thursday.

Friday afternoon at 4:30 I was travelling toward Irondale with the bus when I rounded the corner the other side of White Lake Road and lo and behold I see a car sitting crossways on the highway. I tried the brakes but I was on ice and went into a skid. Anyhow we missed hitting as the driver of the car got it in reverse and backed away just as my bus hit the guardrail and went over far enough to settle in the snow. Thank God there was no one hurt.

# HALIBURTON IGA MARKET

OPEN DAILY 9 til 6  
THURSDAY AND FRIDAY NIGHTS UNTIL 9

## Chatting with Irene

from page 9

horticulture will attend, as plans are being started for the spring planning of flower gardens, etc. Please plan to attend.

The monthly meeting of the Minden Women's Institute was held at the United Church Hall on February 21 at 2 p.m. The president, Mrs. Lyman Cox welcomed everyone, then announced that the 1st vice president, Mrs. Clare Brown would be taking charge of the meeting. Mrs. Cox assisted by acting as secretary, as Mrs. J. Hulbig was unable to be present.

Queen and W.I. grace. Rheta Brown was the winner of the little fun gift raffle. All then enjoyed a cup of tea and the goodies at the buffet table supplied by the committee in charge.

The next meeting will be at St. Paul's Parish Hall on

Wednesday, March 21, at 2 p.m. There will be a guest speaker, whom everyone is invited to hear, the topic being on education and cultural activities. So ladies, make it a date to meet with the W.I. in March. Adios and take care now.

Municipality  
of Dysart et al  
**NOTICE**

Moore. More details of this trip will be given at the March meeting.

Mrs. Cox informed the W.I. that a member, Irene Burns, is now at Hyland Crest Home, and will be very pleased if friends visit her there.

Mrs. Ernest Hewitt, Conventor of Agricultural and Canadian Industries, gave a very interesting and informative paper on wool and the manufacture of woolen material, recalling how her mother used the spinning wheel when the family was young. She also included the process of making the popular suede goods in her paper.

The curator, Mrs. M. Sears read several histories submitted to her for the Tweedsmuir Book, by Mrs. Ruth Kellett. Included in these were, the Swan Ackerblade family; the families of the Dutch Line; and settlers on the Bobcaygeon Road (south of Minden). There were also copies of pictures to go with some of the stories. These were passed around for all to enjoy. The meeting adjourned with singing of God Save the

OFFICE FOR THE REGISTRY DIVISION OF HALIBURTON AS PLAN 19R-1844.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284, Sec. 443 of The Municipal Act as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario, on Monday, March 12, 1979 a Bylaw to close, stop up and convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Dysart, in the Provisional County of Haliburton, being composed of part of the original allowance for road between Concessions 7 and 8, through Lot 26, being more particularly described as Parts 1, 2, 3, 4, 5, 6 and 7 as shown on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton as Plan 19R-1844. The Plan of Survey is by H. Curry Bishop, O.L.S. and is available for inspection at the Municipality of Dysart et al Office at Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said Bylaw at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said Bylaw and who applies to be heard.

DATED AT HALIBURTON, ONTARIO this 2nd day of February 1979.

## Notices

Municipality of  
Dysart et al

### NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BYLAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY A PORTION OF SULLIVAN DRIVE ACCORDING TO REGISTERED PLAN 350, BEING PART OF LOT 12, CONCESSIONS 3 AND 4, IN THE TOWNSHIP OF HARBURN, PROVISIONAL COUNTY OF HALIBURTON, DESIGNATED AS PARTS 1, 2, 3 AND 4 ON REFERENCE PLAN 19R-1671.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 284, Section 443 of The Municipal Act, that the Township Council of the Municipality of Dysart et al, proposes to consider and, if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario, on Monday, March 12, 1979 a Bylaw to stop up, close and convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being all that part of Sullivan Drive on Registered Plan 350, in the Township of Harburn, Provisional County of Haliburton, designated as Parts 1, 2, 3 and 4 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton as Plan 19R-1671. The Plan of Survey is by H. Curry Bishop, O.L.S., dated June 30, 1978, and is available for inspection at the Municipality of Dysart et al Office in Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said Bylaw at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said Bylaw and who applies to be heard.

DATED AT HALIBURTON, ONTARIO this 5th day of February 1979.

Wayne B. Wood,  
Clerk-Administrator  
AMCT

The Corporation of  
The United Townships of Dysart et al

### NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BYLAW OF THE CORPORATION OF THE UNITED TOWNSHIPS OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY THAT PORTION OF THE FORMERLY TRAVELLED EAST KENNIS DRIVE SITUATE IN REGISTERED PLAN 402, IN THE TOWNSHIP OF HAVELOCK.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 284, Sec. 443 of the Municipal Act, R.S., 1970, as amended, that the Township Council of the Corporation of the United Townships of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario, on Monday, April 9, 1979, at 9:00 a.m., a Bylaw to Stop Up, Close and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Havelock, in the Provisional County of Haliburton, being composed of part of East Kennis Drive, Registered Plan 402, in the said township, and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic and derived from the North Easterly limit of Part 19, Plan 19R-207, having an assumed bearing of North 39 degrees 00 minutes West.

COMMENCING at a point which is distant 69.48 feet measured on a course of South 67 degrees 30 minutes East from an iron bar which is distant 2344.04 feet measured on a course of South 11 degrees 30 minutes 57 seconds West from the North Easterly angle of the said Lot 18;

THENCE North 40 degrees, 42 minutes East, 193.99 feet to an iron bar; THENCE North Easterly along a curve to the right having a radius of 861.51 feet, an arc distance of 208.49 feet and having a chord equivalent of 207.98 feet when measured on a course of North 22 degrees 11 minutes 51 seconds East to an iron bar;

THENCE South 40 degrees, 42 minutes West, 412.99 feet to an iron bar; THENCE South 67 degrees, 30 minutes East, 69.48 feet to the Point of Commencement.

WHICH SAID parcel or tract of land may be further illustrated, shown outlined in red on a plan by Paul Wilson, O.L.S., dated November 1, 1977, and which said plan of survey may be examined at the Municipal Office of the Township of Snowdon;

AND FURTHER TAKE NOTICE that before passing the said Bylaw at its meeting to be held at the time and place above mentioned the Township Council of The Corporation of the United Townships of Dysart et al shall then and there hear in person, or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said Bylaw and who applies to be heard.

DATED AT the Municipal Office of The Corporation of the United Townships of Dysart et al, this 14th day of February, 1979.

Wayne B. Wood,  
Clerk of The Corporation of  
the United Townships of Dysart et al

AT REST In loving memory of our dear sister, Lila Curry, who passed away March 2, 1978.

Days of sadness still come over us, Tears of silence often flow, For memory keeps you ever near us, Though you died one year ago. Sadly missed by sisters and families. CB/28

32. IN MEMORIAM BAIN - In loving memory of a dear father and grandfather, Clarence who passed away March 3, 1976.

The presence of you Dad surround us every day, The words that are left unspoken, There was so much to say. We cannot hear or touch you to let you know we care, But when we come to visit, We are sure you know we're there.

Always remembered and missed by the family. 28

BAIN - In loving memory of a dear husband, Clarence, who passed away March 3, 1976.

March comes with sad regret, It brings back a day I will never forget, The blow was great, the shock severe, I little thought your death was near.

To some you are forgotten, To others a part of the past, But to those who really loved you, Your memory will always last.

Sadly missed, never forgotten by wife Ruth. 28

In loving memory of my dear husband, Walter J. Harrison.

No morning dawns, no night returns, But that I think of you. Those left behind are very good, But none replaces you. Many a silent tear is shed, When I am all alone, For the one I loved so very much, The one I called my own.

Sadly missed by your wife, Mrs. Simone Harrison. 28

LAMB, Iris, passed away February 27, 1978.

Always a smile instead of a frown, Always a hand when one was down, Always true, thoughtful and kind, Wonderful memories left behind.

Remembered by husband, Ronald, son Shawn, father and mother, Mr. and Mrs. George Nesbitt and family. 28

Remembered by husband, Ronald, son Shawn, father and mother, Mr. and Mrs. George Nesbitt and family. 28

In memory of Elisabeth Sawyer, dear mother, who passed away March 1, 1978.

Two dear bright eyes, A tender smile, A loving heart that knew no guile, Deep trust in God that all was right, Her joy to make some other bright, If sick or suffering one she knew, Some gentle act of love she'd do, No thought of self, but of the other, I know He said, "Well done, dear Mother".

Sadly missed by daughter, Bev and grandchildren, Michelle and Edward. 28

33. NOTICE TO CREDITORS All persons having claims against the Estate of Albert Thomas Stringer, late of the Township of Lutterworth, in the Provisional County of Haliburton, who died December 23, 1978, are required to file proof of same with the undersigned on or before March 22, 1979, after which date the estate will be distributed with regard only to the claims of which the undersigned shall then have notice and the undersigned will not be liable to any person of whose claim he shall not then have notice. DATED at Minden, Ontario this 21st day of February, 1979.
